The policy of the University of Illinois is to comply fully with applicable federal and state nondiscrimination and equal opportunity laws, orders, and regulations. The University of Illinois will not discriminate in its programs and activities against any person because of race, color, national origin, religion, age, sex, handicap, or status as disabled veteran or veteran of the Vietnam era. This nondiscrimination policy applies to admissions, employment, and access to and treatment in University programs and activities.

Vice-President Ronald W. Brady has been designated as the equal opportunity officer for the University of Illinois. For additional information on the equal opportunity and affirmative action policies of the University, please contact: For the Urbana-Champaign campus, the assistant chancellor and director of affirmative action, 107 Coble Hall, 801 South Wright Street, Champaign, Illinois 61820 (217/333-0574).

REGISTRATION INSTRUCTIONS

DON'T CAUSE PROBLEMS FOR YOURSELF: AVOID THESE REGISTRATION ERRORS

1. **LOSS OF REGISTRATION-BY-MAIL PRIVILEGES** occurs when you don't advance enroll or when you fail to meet an obligation resulting in a registration encumbrance. Encumbering offices will notify you before imposing the encumbrance; promptly fulfill the obligation. Once encumbered, you must attend on-campus registration.
2. **LOSS OF ADVANCE ENROLLMENT OR ON-CAMPUS CLASS SCHEDULE** will occur if you do not return a registration document. If you receive a document by mail, you may return it by mail or at on-campus registration. If you do not receive a document by mail, you must obtain and submit an on-campus registration document at the Armory. *TO PRESERVE YOUR SCHEDULE OF CLASSES, YOU MUST RETURN A REGISTRATION DOCUMENT PRIOR TO THE CLOSE OF ON-CAMPUS REGISTRATION.* You may assure that your document is received by returning the postcard enclosed with your registration-by-mail document; the postcard will be returned to you on receipt of your document.
3. **LOSS OF STUDENT PRIVILEGES AND ACADEMIC CREDIT FOR THE SEMESTER** will result from failure to obtain and return a post-registration statement of charges and financial aid with required payment. Statements are sent to local addresses; students not receiving statements by mail must obtain duplicates from the post-registration service center in the Illini Union. *ALL STUDENTS SUBMITTING REGISTRATION DOCUMENTS THROUGH THE END OF THE FIRST WEEK OF INSTRUCTION MUST RETURN STATEMENTS AND PAYMENTS BY SEPTEMBER 5.*

THESE STEPS ARE REQUIRED OF ALL STUDENTS. IF YOU BELIEVE YOU SHOULD BE EXEMPTED FROM ONE OF THESE REQUIREMENTS, YOU MUST OBTAIN APPROVAL FROM THE REGISTRAR (333-0210) FOR ITEMS 1 AND 2, AND SUPERVISOR OF COLLECTIONS (333-2180) FOR ITEM 3.

OVERVIEW OF REVISED REGISTRATION

Course Selection

A primary function of registration is the selection of courses for the term. Course selection remains essentially unchanged under revised registration procedures and may be done either during the advance enrollment period or

at on-campus registration. The advantages of completing this step during the advance enrollment period are both convenience and a higher probability of getting the courses you want; additionally, *only advance enrolled students may register by mail.*

Initial Registration Activities

As part of registration, the University must obtain an up-to-date address and other information from you. Since tuition and fee charges will be collected after classes begin, it is also necessary for you to sign and return a registration agreement which obligates you to pay all tuition, fees, housing, and other charges incurred by your registration. If you advance enroll and are not encumbered, you may complete this portion of registration by mail. If you do not advance enroll or are encumbered you must attend on-campus (Armory) registration to sign the required registration agreement.

Completion of Registration

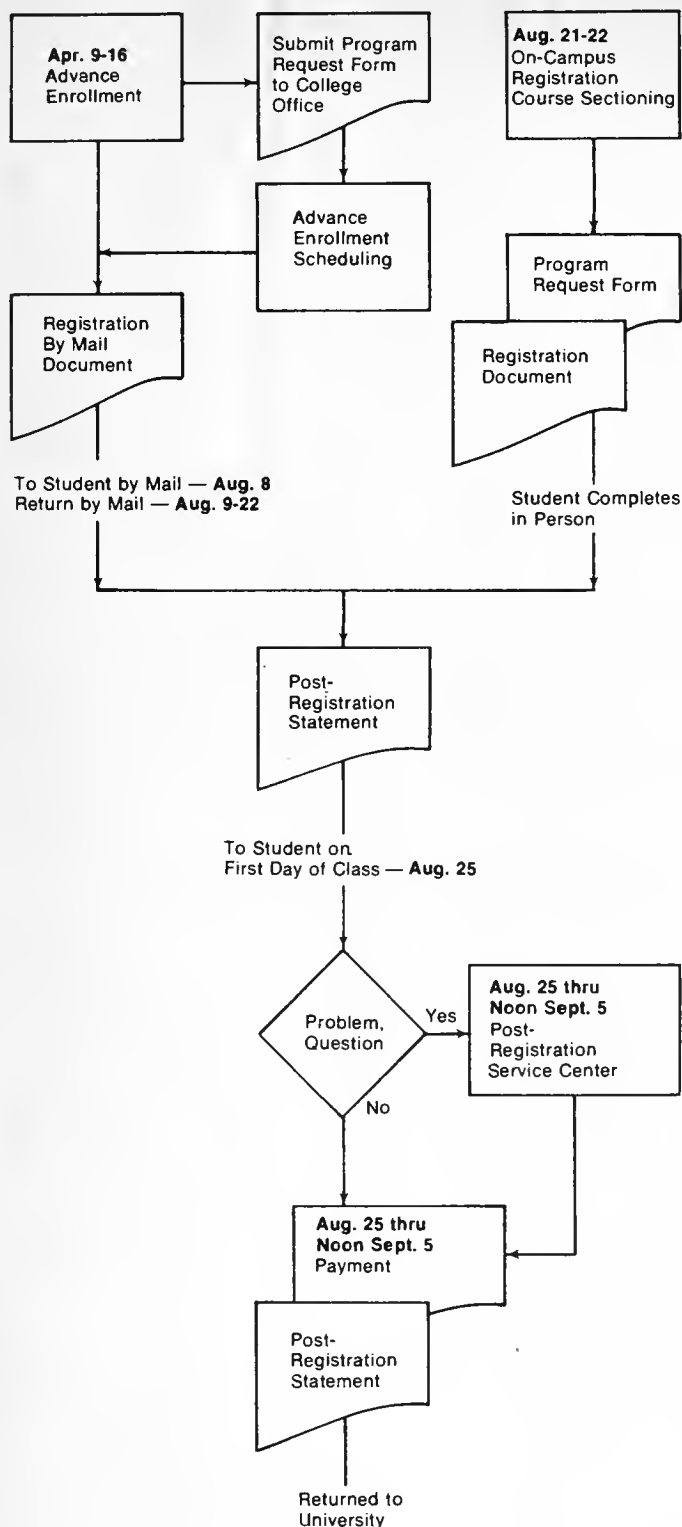

Previously you were required to pay the total or first installment of tuition and fees prior to completing registration in the Armory. Now you have the opportunity to make your payment by mail, regardless of whether you completed the initial portion of registration by mail or at on-campus registration. During the first week of class, you will receive at your local address a statement of tuition, fees, and other charges and an itemization of any University-administered financial aid and University employment benefits which offset those charges. You complete your registration by returning this statement with required payment by the due date. Students with questions or problems can discuss them with University staff at the Post-Registration Service Center which will be in operation during the first two weeks of instruction in rooms B and C of the Illini Union. A graphic version of this description is shown in the flowchart on page 4.

15. Sept. 8, Mon., and afterStudents who register on Mon., Sept. 8, or after, will be required to pay tuition, fees, and other charges in full or by installment on the same day they turn in their registration materials.

DETAILED REGISTRATION INSTRUCTIONS

You must complete three major functions in order to be registered:

- Select your courses
- Complete a Registration Document
- Return your Post-Registration Statement with payment by the due date.

Course selection may be completed in one of two ways — by advance enrolling (described below) or by attending on-campus registration (described in section III).

I. ADVANCE ENROLLMENT

Advance enrollment is a process whereby students request courses and sections in which they wish to enroll, and academic departments, within the limitations of instructional resources, attempt to accommodate student requests. This process begins with each qualified student completing a Program Request Form.

A. STUDENTS WHO MAY ADVANCE ENROLL

- Currently enrolled students in degree programs (See section # B.1 below)
- Students newly admitted and readmitted to degree programs (See section B.2 below)

Advance enrollment is not mandatory; however, if you are eligible to advance enroll, you are encouraged to do so to improve your chances of obtaining your desired class schedule, and to allow you to register by mail.

STUDENTS WHO MAY NOT ADVANCE ENROLL

- Undergraduate students graduating in May 1980 who are not approved to pursue a graduate, professional, or a second baccalaureate degree
- Part-time, nondegree students (See section B.3 below)

B. HOW TO COMPLETE ADVANCE ENROLLMENT

1. Continuing students

If you are a continuing student, you will receive during the third week of March, a Mid-Semester Study List/Address Collection Form which will allow you to indicate where you wish to have registration by mail materials sent. If you are an undergraduate or professional student, you will receive your form by mail; if you are a graduate student, you should obtain your form from your department office. If you are currently enrolled in a UIUC college other than the Graduate College, and have been approved for admission to the Graduate College for the fall 1980 semester, you must obtain advising and submit your Program Request Forms through your graduate department, not the college in which you are currently enrolled.

Follow instructions on the Mid-Semester Study List to report discrepancies in your spring 1980 course enrollment to your college or department office. If you want to receive registration by mail materials for fall 1980 at an address different from your home address, follow in-

structions on the Address Collection Form to indicate the address to which you want your Registration Document sent in August. If you will not be at any of your current addresses in August, you have the option of providing an alternate address to be used specifically for the receipt of your registration-by-mail materials. The Program Request Form, obtained from your college, department, or adviser, is used to record your request for courses and sections and should be completed in consultation with your adviser. If you are enrolled in a college which allows self-advising, you should submit the form in accordance with instructions provided by your college. Instructions are included on the back of the Program Request Form to aid you in its completion. *Correct completion of the Program Request Form is essential for your advance enrollment and registration by mail. READ THE INSTRUCTIONS CAREFULLY.*

A Program Worksheet is included on page 2 of this Timetable to allow you to work out a draft schedule before entering it on the Program Request Form. It is recommended that you keep your Program Worksheet for future reference.

2. New and readmitted students

If you are a new or readmitted student, information describing your initial registration will be included with your Notice of Admission.

3. Part-time, nondegree students

If you are a part-time, nondegree student, you may not advance enroll or attend on-campus registration, but must complete your registration following the third day of instruction. The \$15 late registration fine will not apply to nondegree undergraduate students who register on the fourth or fifth days of instruction; it will not apply to nondegree graduate or professional students who register between the fourth and tenth day of instruction.

Undergraduate and professional nondegree students should go first to their college office of enrollment to obtain preliminary registration materials. Graduate nondegree students should obtain their preliminary registration materials from their adviser or major department of enrollment and bring them to 321 Administration Building to be checked. All students must then bring their registration forms to the Post-Registration Service Center, Illini Union, rooms B and C to complete the registration process. (See section VII. of these instructions.)

4. Non-advance-enrolled students

Students who do not advance enroll must complete course selection at on-campus registration, described in section III. C.

II. REGISTRATION BY MAIL

You may complete by mail the preliminary part of your registration, if you advance enrolled and are not encumbered.

A. ADVANCE-ENROLLED, NONENCUMBERED STUDENTS

If you advance enrolled and are not encumbered, you will receive a registration-by-mail document about the second week of August at the address you indicated

on your Address Collection Form. Included on the Registration Document are your advance enrollment schedule of classes and current address information, which you should review and correct. *Since the Post-Registration Statement of charges and financial aid will be mailed to your local address, it is essential that this address be correct. This statement allows you to complete your registration and contains a validation label for your permanent ID card. YOU MAY ALSO ARRANGE TO PICK UP YOUR STATEMENT AT THE POST-REGISTRATION SERVICE CENTER (DESCRIBED BELOW) BY MARKING THE APPROPRIATE SPACE ON THE REGISTRATION DOCUMENT.*

Also included on the Registration Document is a registration agreement which you must sign; your signature constitutes agreement to pay all registration charges (or the first installment amount) by the due date — September 5 (noon). Receipt of the signed document by the University before the end of on-campus registration enrolls you in the courses listed on your advance enrollment schedule, subject to the policy on course enrollment stated in the *Code on Campus Affairs and Regulations Applying to All Students*. Although you have not yet completed your registration by paying your tuition and fee charges, you will be entitled to most services and benefits available to fully registered students beginning with the first day of classes.

With the document you will receive a summary of the campus billing and refund policy, tuition and fee schedule, student budget, directory of student services, and two postcards. One of the postcards can be used to cancel your registration. The other, if self-addressed and stamped, will be used by the University to acknowledge receipt of your document. Included on the back of the instruction portion of the document is a financial planning form. *While you are not being billed for registration charges at this point*, you may wish to estimate their amount by completing the planning form with information from the tuition and fee schedule and other known information. The planning form should not be returned with your document, but should be kept for your future reference.

SIGN YOUR REGISTRATION DOCUMENT AND RETURN IT IN THE ENVELOPE PROVIDED. If you do not need to make class schedule changes, the initial portion of your registration is now complete.

If the registration document is not received in the Office of Admissions and Records by the close of on-campus registration (Friday, August 22, at 5:00 p.m.) enrollment in the courses shown on your advance enrollment schedule will be cancelled and you will be required to late register. Allow the U.S. Postal Service five days to deliver the mail.

B. ADVANCE-ENROLLED STUDENTS WHO NEED TO MAKE SCHEDULE CHANGES

If you need to make changes to your advance enrollment schedule, sign and return the registration document and attend on-campus registration according to the Alphabetical Order of Registration shown below. Since many class sections are filled during on-campus registration, it is in your best interest to make any required changes at this time. It is also more convenient to make these changes when department staff are available to assist you at a single location.

C. ADVANCE-ENROLLED, ENCUMBERED STUDENTS

If you advance enrolled but were encumbered by a campus office for failure to discharge some responsibility or obligation, *you may not register by mail*. You will receive an advance enrollment schedule with information about your encumbrance and will be required to attend on-campus registration. Report to the document distribution station in the Armory.

D. NON-ADVANCE-ENROLLED STUDENTS

If you did not advance enroll, you must complete the initial portion of your registration at on-campus registration as indicated below in section III.

III. ON-CAMPUS REGISTRATION

You have the option of completing course selection and the initial portion of registration at on-campus registration in the Armory. On-campus registration will be held on August 21 and 22 according to the Alphabetical Order of Registration shown below. **NOTE THAT ON-CAMPUS REGISTRATION IS SCHEDULED FOR TWO DAYS ONLY.**

A. STUDENTS WHO MUST ATTEND ON-CAMPUS REGISTRATION

- Non-advance-enrolled students
- Advance-enrolled students who have been encumbered
- Advance-enrolled students who need to make schedule changes
- Advance-enrolled students who elected not to register by mail

B. ALPHABETICAL ORDER OF REGISTRATION (BY LAST NAME)

If you plan to attend on-campus registration, you should arrive at the south central Armory door according to the schedule listed below. You will be admitted to the Armory at or after, but not before the time listed.

C. ACTIVITIES AT ON-CAMPUS REGISTRATION

With minor exceptions the on-campus registration operation is housed in the Armory, and includes two major activities — course sectioning and document completion.

1. Non-advance-enrolled students

If you are a non-advance-enrolled graduate student, you may obtain your Program Request Form and other registration materials before on-campus registration days at the office of your adviser, beginning August 14, 1980. You should go to the Armory at the time indicated in the Alphabetical Order of Registration shown above to complete your on-campus registration.

If you are a non-advance-enrolled undergraduate or professional student, you must go at the time indicated in the Alphabetical Order of Registration shown above and to the location indicated below to complete a Program Request Form and receive a Registration Document. The colleges provide instructions about meeting with advisers and completing on-campus registration. You should obtain registration materials from the following locations unless you receive special instructions:

AGRICULTURE, human resources and family studies, home economics education, interior design, and restaurant management . . . 268 Bevier Hall
All other curricula . . . 108 Mumford Hall

all curricula . . . Northwest entrance, Lincoln Hall

NURSING . . . 1115½ West Oregon, Urbana
SOCIAL WORK . . . 1207 West Oregon, Urbana
VETERINARY MEDICINE,
all classes . . . 137 Veterinary Medicine Building

2. Non-advance-enrolled, encumbered students

Undergraduate and professional students: If you did not advance enroll and were encumbered, your college will give you a college authorization card in lieu of a Registration Document at the time indicated in the Alphabetical Order of Registration shown above. Go to your college location noted above at the time indicated in the Alphabetical Order of Registration and then to the south central door of the Armory. Take the authorization card to the document distribution station where you will be given an Encumbrance Clearance Form and instructions for clearing the encumbrance. You must then return the clearance form to the encumbrance clearance station where staff will exchange it for your Registration Document.

Graduate students: You should go directly to the document distribution station in the Armory at the time indicated in the Alphabetical Order of Registration to obtain your Encumbrance Clearance Form.

3. Advance-enrolled, encumbered students

If you are notified on your advance enrollment schedule that your registration is being encumbered, you must go to the south central door of the Armory at the time specified in the Alphabetical Order of Registration given above and then to the document distribution station for instructions on clearing your encumbrance.

D. ON-CAMPUS COURSE SECTIONING

To be admitted to the course sectioning area you will need either your advance enrollment schedule or your Registration Document, if you did not advance enroll. You can complete the following transactions in the sectioning area:

Course Transactions

Advance-enrolled Students

Program Change (add or drop)

Section Change

Forms you will need

Advance enrollment schedule

Change of Program Form approved by your adviser (approval is not required for eligible students in colleges which permit self-advising)

Advance enrollment schedule

Completed Change of Section Form

Non-advance-enrolled Students

Program Request

On-campus Registration Document

Program Request Form approved by your adviser (approval is not required for eligible students in colleges which permit self-advising)

Course transactions which have been approved by your adviser, if required, can be completed in the sectioning area by presenting the appropriate form to the representative of the department offering the course. If a space is available to you, that representative will enter the required approval on your Program Request, Change of Program, or Change of Section Forms.

During on-campus registration, students who submit Program Request, Change of Program, and/or Change of Section Forms but who fail to include *complete written information*, which clearly identifies the course or section in which they wish to enroll, will forfeit the departmental approval to enroll which was obtained by having their name added to the course list. Consequently, such students must compete with all others who wish to add that course/section after instruction begins.

E. COMPLETION OF ON-CAMPUS REGISTRATION DOCUMENT

The On-Campus Registration Document is similar to the Registration-By-Mail Document, except that the On-Campus Registration Document does not contain the advance enrollment schedule. If you did not complete a document and return it by mail, you must do so at on-campus registration. You must be sure to provide a local address to which your Post-Registration Statement of charges and financial aid can be sent, and you must sign the registration agreement. If you do not have a local address, you must mark the form to indicate that you will pick up your statement in person at the Post-Registration Service Center. You must turn in your Registration Document with other forms you have completed in the sectioning area prior to leaving the Armory.

Also included on the document is a registration agreement which you must sign; your signature constitutes agreement to pay all registration charges (or the first installment amount) by the due date shown on the document. Receipt of the signed document by the University before the end of on-campus registration enrolls you in the courses listed on your advance enrollment schedule or your on-campus Program Request Form, subject to the policy on course enrollment stated in the *Code on Campus Affairs and Regulations Applying to All Students*. Although you have not yet completed your registration by paying your tuition and fee charges, you will be entitled to the services and benefits available to fully registered students beginning with the first day of classes.

F. OTHER ACTIVITIES AT ON-CAMPUS REGISTRATION

In addition to stations for Registration Document distribution, encumbrance payment, and encumbrance clearance, on-campus registration will have stations where you can obtain information about tuition and fee assessment and the award and application of financial aid to charges; change insurance coverage or purchase dependent insurance; obtain new or replacement ID cards; suppress the release of items of directory information; and register bicycles or motor vehicles.

IV. TUITION AND FEE BILLING

Billing and payment of tuition, fee, housing, and other registration charges occur after the close of on-campus registration. If you returned a signed Registration Document, cleared any encumbrances pending, and remain in good academic standing, you will receive a Post-Registration Statement of charges during the first week of instruction. *If you have not received your statement by the end of the first week of instruction, you should go to the Post-Registration Service Center, described below, to obtain a duplicate copy. IT IS YOUR RESPONSIBILITY TO OBTAIN A STATEMENT. YOU ARE OBLIGATED TO PAY THE REGISTRATION CHARGES INDICATED ON THE STATEMENT BY THE DUE DATE REGARDLESS OF WHETHER OR NOT YOU RECEIVE A STATEMENT AT YOUR LOCAL ADDRESS.*

Your statement itemizes all registration charges, financial aid administered by the University, financial aid which is secured for you by the billing of charges to external agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. In addition, the installment payment plan, with due dates and finance charges, is described.

If your statement indicates that you have cash aid in excess of charges, you must bring your statement to the Post-Registration Service Center to pick up your check.

A personalized ID card validation label is included on your statement. This label is nontransferable and must be placed on the back of your ID card.

V. PAYMENT OF TUITION, FEES, AND HOUSING CHARGES

Amounts due for tuition, fees and other charges must be paid in full or by installment by the following dates.

September 5

(noon) — Students who register by Friday, August 29

September 8 — Students who register at the Post-Registration Service Center from Tuesday, September 2, to Friday, September 5 (noon)

Immediately — Students who register on or after Monday, September 8. Statements are not mailed to late registrants.

PAYMENT OPTIONS

You may pay your tuition and fee charges in total or by installment. The payment policy is described in this *Timetable* and on the statement you will receive. The due dates for payments for both options are shown on the statement.

You may return your check or money order by U.S. mail or by depositing it in one of the special drop boxes at the following locations:

Illinois Street Residence Hall — Illinois Street entrance
Florida Avenue Residence Hall — main entrance to
Trelease Hall

Gregory Drive Snack Bar — south entrance

Allen Hall — next to the mailboxes
Administration Building — west entrance
Engineering Hall — east entrance
Main Library — central corridor
Illini Union — southwest entrance

If you must make payment in cash bring it to the Post-Registration Service Center.

IMPORTANT

If you have not made full or the first installment payment by September 5 (noon), you will not have completed your registration. Your name will be removed from class rosters, all student privileges will be withdrawn, and you will receive no academic credit for the semester. In addition, according to provisions in the registration agreement you signed, you will be responsible for paying a nonrefundable charge of one-half of the service fee, plus the insurance and health service fees or \$30, whichever is greater. Payment of this amount entitles you to insurance coverage and use of the McKinley Health Center and the intramural physical education facilities.

VI. POST-REGISTRATION SERVICE CENTER

To provide a convenient location for you to resolve most problems which you might have in completing your registration, a Post-Registration Service Center will be in operation in rooms B and C of the Illini Union during the first two weeks of instruction.

The following activities are supported in the service center:

- Questions about fee assessment
- Questions about financial aid
- Receipt of cash payments for tuition and fee charges
- Late registration, except course transactions which are processed in college and department offices
- Suppressing the release of directory information
- Statement replacement
- Will-call, post-registration statements
- ID card replacement
- Questions about graduate assistantship or fellowship appointments
- Health insurance exemption and dependent coverage

The service center will be in operation:

August 25 to September 4 — 9 a.m. to 4 p.m.

September 5 — 9 a.m. to 12 noon

The service center will be closed weekends and Labor Day.

VII. LATE REGISTRATION

Late registration will be conducted in the Post-Registration Service Center, Illini Union rooms B and C, from Monday, August 25, until noon Friday, September 5. Thereafter, it will be held at Window 26, 100 Administration Building.

LOCATION OF LATE REGISTRATION MATERIALS

- Non-advance-enrolled undergraduate and professional students — office of the college of enrollment.
- Advance enrolled undergraduate and professional students — Post-Registration Service Center, until noon of September 5, or Window 26, 100 Administration Building on September 8 and after.
- All graduate students — office of the department of enrollment.

If you register after 5:00 p.m. Friday, August 22, you will lose your advance enrollment schedule and will be assessed the late registration fine of \$15. The late registration fine may be waived upon petition in exceptional circumstances, such as serious illness or death in the immediate family, activities during the registration period which will benefit your academic program, or circumstances beyond your control. The petition form is available at the Post-Registration Service Center until noon Friday, September 5 and at Window 26, 100 Administration Building thereafter. Undergraduate students may register after the fifth day of instruction only with written consent of their college dean.

If you late register during the first week of class you must pick up your Post-Registration Statement in person at the Post-Registration Service Center during the second week of class. Students who register between September 2 and September 5 (noon) must pick up their Post-Registration Statement in 100 Administration Building, Window 26, on September 8, and return it with payment in person on the same day.

GENERAL INFORMATION

Student Regulations

University regulations applying to students at the Urbana-Champaign campus of the University of Illinois are published in the *Code on Campus Affairs and Regulations Applying to All Students*. Students are responsible for complying with the regulations of the University, their colleges, and the departments from which they take courses, and for fulfilling the requirements for a particular degree.

The Code on Campus Affairs and Regulations Applying to All Students is available at 177 Administration Building, Campus Student Assistance Center at 130 Student Services Building, ID station in the Armory (during on-campus registration), and the Post-Registration Service Center in the Illini Union, Room C.

Some of the student regulations are given below, but students are advised to refer to the complete regulations as stated in the *Code on Campus Affairs and Regulations Applying to All Students*.

Residency Classification

The residency classification of students for admission and tuition assessment is determined on the basis of the information given on the admission application and other credentials. Students who desire to change their assigned residency status must submit a petition. The residency regulations and the petition form are available at 177 Administration Building. The petition for a change in

residency classification for the fall semester must be submitted within twenty days after registration or the first day of instruction whichever is later or the student loses all rights to a change in status and/or adjustment of the tuition assessed for the semester.

Course Enrollment

During advance enrollment and on-campus registration students may request enrollment in courses subject to conditions imposed by the colleges and academic departments.

Although the University attempts to honor student requests for specific courses and sections, advance enrollment scheduling is conducted in a way which will provide the greatest number of acceptable schedules for all advance enrolled students.

Course requests at advance enrollment and on-campus registration are accepted according to enrollment conditions imposed by the offering department. Colleges and departments reserve the right to impose enrollment prerequisites; to reassign students to other sections in a course; to withdraw students from certain courses or sections after advance enrollment and/or on-campus registration, or to cancel course offerings or sections for legitimate educational reasons (e.g., whenever minimum enrollment standards have not been met).

Conditions for course enrollment and changes to them may be publicized in the *Timetable*, *Timetable Supplement* or other media available to the University, and at locations where students request sectioning approval from departmental representatives.

During on-campus registration, students who submit Program Request Forms, Change of Program Forms, and/or Change of Section Forms, but who fail to include complete written information which clearly identifies the course or section in which they wish to enroll, will forfeit the departmental approval to enroll which was obtained by having their name added to the course list. Consequently such students must compete with all others who wish to add that course section after instruction begins.

Number of Hours Required

Each undergraduate student is required to pursue a normal program of studies. The number of hours varies with the college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or designated representative.

For undergraduate, graduate, and professional students, the minimum program required for receipt of maximum educational benefit payments under the Veteran's Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 hours or 3 units in a semester (6 hours or 1½ units in an eight-week summer session).

The minimum undergraduate program for Dean's List is 14 hours.

Repeated Undergraduate Courses

If a student is permitted by the dean of his or her college to repeat a subject for which the student has received credit either by classwork at the University or by advanced standing previously allowed for work done elsewhere, he or she forfeits the original credit. The original credit earned in a course is not forfeited by reregistration unless the student remains registered in the repeated course to the end of the semester, term, or summer session.

Failure to pass the repeated course does not restore the original credit, but both grades count in the graduation average if the course is one regularly acceptable toward the student's degree. If the course is again repeated, all grades received, passed or failed, are counted in the graduation average.

Students in Debt to the University — All Students

A monetary penalty of \$5 is assessed students for each check they present to the University which is returned by the bank to the Office of Business Affairs for insufficient funds or other reasons. Additional penalties, including dismissal from the University, may be imposed on students who permit their University accounts to become delinquent or who issue checks which are returned to the University unpaid.

A student who is in debt to the University at the end of any academic term is not permitted to register in the University again and is not entitled to receive his or her diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made.

Registration of Listeners or Visitors — All Students

A "visitor" is only a listener in the classes attended and is not a participant in any part of the exercises. Visitors are not permitted in laboratory, military, physical education (other than theory), or studio classes. Students on "dropped" status are not eligible to visit classes.

Permission for enrolled students to attend a class as listeners or visitor is granted only by the instructor of the class and with the approval of the dean of the student's college. Written approval must be obtained on an official Visitor's Permit available at college offices. Former students not currently registered must obtain the approval of the dean of the college in which they were last registered. Persons not previously registered obtain the approval of the dean of the college in which the course is offered. Nonacademic employees of the University also must secure the recommendation of the head of the department in which they work and approval of the director of the Urbana-Champaign Personnel Services Office.

Registered students on a full fee schedule (Range I) and those who are exempt from tuition are not charged a fee for visiting classes. Persons who are not registered in University courses and students registered on campus on a partial program fee schedule (Range II, III, or IV), except those holding scholarships, tuition waivers, or staff appointments which exempt them from tuition for campus work, unless such scholarships are specifically limited by law to courses for residence credit only, are charged a fee of \$15 for each course attended on campus as a visitor only.

The visitor's fee is waived for persons sixty-five years of age or older. Proof of age must be presented at the Fee Assessment Office, 100 Administration Building, Window 26.

The Credit-No Credit Grading Option

The credit-no credit grading option at this campus is designed to encourage student exploration into areas of academic interest which they might otherwise avoid for fear of poor grades. All students considering this option

are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than those whose transcripts contain none or very few. Likewise in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade since they do not know whether the actual grade was a D, E, or Ab.

ALL STUDENTS

- Credit-no credit courses are not counted toward the grade-point average but are included as part of the total credit hours.
- Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC.
- Grades of C or better are required in order to earn credit.
- Final grades of CR or NC (for credit or no credit) are recorded on the student's permanent academic record and subsequently will not be changed to letter grades.
- Correspondence course students may elect the credit-no credit option prior to completion of one-eighth of the lessons contained in the course; however, should they desire to return to a letter grade, an amended credit-no credit form must be filed prior to completion of one-half of the lessons.
- Courses taken under the credit-no credit option, either in residence or in correspondence, may be dropped only in accordance with the normal procedures for dropping courses.

UNDERGRADUATE STUDENTS

- Any undergraduate student in good academic standing (not on probation) may elect the credit-no credit system. Students not in residence, but enrolling in correspondence courses, may elect the credit-no credit option provided they are in good academic standing.
- To elect the credit-no credit option, students must obtain the approval of their adviser or, in the case of a correspondence course, their adviser or college office.
- Students who go on probation after enrolling must change their program to eliminate the credit-no credit option.
- A maximum of 18 semester hours earned under the credit-no credit option may be applied toward a degree at the Urbana-Champaign campus of the University. A correspondence course taken on a credit-no credit basis will be included in the 18 semester hour maximum credit-no credit limit allowed. A full-time student may take a maximum of two courses each semester under the credit-no credit option. Part-time students may take one course each semester under this option. Summer session students may take one course under the credit-no credit option.
- Any lower or upper division course may be chosen under the credit-no credit option except courses used to satisfy the University's general education requirements, or in courses designated by name or area by the major department for satisfying the major or field of concentration, or those specifically required by name by the college for graduation.
- In cases of subsequent change of major or field of concentration, courses previously taken under the credit-no

credit option in the new field may qualify for meeting major requirements.

- Undergraduate students must exercise the credit-no credit option for a course taken in residence only during registration, within the first eight weeks of instruction in a semester, during the first four weeks of an eight-week course taught in a fall or spring semester, or during registration or within the first four weeks of instruction during the summer session. Students may elect to return to the regular grade option by filing an amended request within the first eight weeks of instruction in a semester, within the first four weeks of instruction in an eight-week course taught during a semester, or within the first four weeks of instruction during the summer session. The credit-no credit option form must be properly approved and deposited in the college office.

Consult the fall semester calendar for the deadline dates.

PROFESSIONAL STUDENTS

- Students in the Colleges of Law and Veterinary Medicine, under the credit-no credit option, may elect undergraduate courses not required as part of the professional curriculum.
- Professional students may elect the credit-no credit option only during advance enrollment, during on-campus registration, within the first eight weeks of a semester, within the first four weeks of an eight-week course taught in a fall or spring semester, or within the first four weeks during the summer session. Students may elect to return to the regular grade basis by filing an amended request within the first eight weeks of instruction in a semester, within the first four weeks of instruction in an eight-week course taught during a semester, or within the first four weeks of instruction during the summer session. The credit-no credit option form must be properly approved and deposited in the college office.

GRADUATE STUDENTS

- Graduate students may elect the credit-no credit option only during advance enrollment, during on-campus registration, or through the last day allowed for dropping a course without academic penalty. Students may elect to return to the regular grade basis by filing an amended request by the deadline date for dropping a course without academic penalty as indicated in the Graduate College calendar. The credit-no credit option form must be properly approved and deposited in the college office.
- The student's adviser must approve the election of this option in accordance with the policy established by the major department.
- At least 2 units of credit with grades of A through D must be earned on this campus for every unit of credit earned under the credit-no credit option.

Identification Cards

New students are issued a plastic photo identification card which is validated for every subsequent term in which they register. This ID card must be retained by them while they are registered at the University. A validation label is included on the Post-Registration Statement of all students and must be placed on the back of their ID card. The validation label is nontransferable and contains information about insurance and health services entitlement. The ID

card is issued by the Office of Admissions and Records and remains the property of the University. Students who alter or intentionally mutilate a University ID card or who use the ID card of another, or allow their ID card to be used by another, may be subject to discipline.

A charge of \$6, payable at the ID Center, Window 27, 100 Administration Building, is made for replacement of each lost, mutilated, or stolen student ID card. A charge of \$1 is made for the replacement of each lost, mutilated, or stolen ID validation label.

An identification card for student spouses may be obtained without cost at the ID Center.

Falsification of University Documents

Any student who, for purposes of fraud or misrepresentation, falsifies, forges, defaces, alters, or mutilates in any manner any official University document or representation thereof may be subject to discipline. Some examples of official documents are identification cards, program cards, change slips, receipts, transcripts of credits, library documents, etc.

Any student who knowingly withholds information or gives false information on an application for admission or readmission may become ineligible for admission to the University or may be subject to discipline.

Living Quarters of Students

Each registered student is responsible for maintaining in the Office of Admissions and Records the current addresses of his or her local residence and permanent home (or permanent mailing address) and the address of his or her parent(s), guardian, or spouse. All changes must be reported immediately to 69 Administration Building (west basement).

Withdrawal from the University

Students who leave the University during any semester, term, or summer session must officially withdraw from the University by filing a clearance paper. Otherwise the courses they are pursuing will appear on their record as Ab (absent — counts as failure).

Upon notification that the University discipline system has initiated action against a student, that student may not officially withdraw until the hearing of the case has been conducted by the appropriate disciplinary committee. Students begin the clearance procedure at their college office.

Withdrawal of Undergraduate Students within the Last Three Weeks of a Semester and Students Whose Status Cannot Be Determined

Undergraduate students who withdraw from the University within the last three weeks of instruction in a semester or those whose status cannot be determined because of excused grades, may register again only on petition approved by the dean of their college. (See Academic Calendar for date.)

Transcripts of Courses and Grades

Students who have paid their University fees and charges are entitled to receive upon written request and without charge one transcript of their academic record. Students who graduate or withdraw from the University and have outstanding loans will not be issued a transcript until they have completed an exit interview with the Office of

Business Affairs. Every transcript includes the student's entire academic record to date and current academic status. Partial transcripts are not issued. For each additional transcript a fee of \$1 is charged. Reimbursement should be by check or money order made payable to the University of Illinois and should be submitted with the request for transcripts. Transcripts may be ordered at 69 Administration Building (west basement).

Transcripts issued at the request of students for whom possible disciplinary action is pending are followed by a corrected transcript issued without charge to the original recipient showing the final status in the event that the student involved is subsequently placed on disciplinary probation, is deferred readmission to the University of Illinois until the student appears before the appropriate hearing body, or is dismissed from the University as a result of the pending action.

Under ordinary circumstances, transcripts will not be released during the period of final examinations and two weeks thereafter in order to allow for the recording of final grades for the term.

Student Records Policy

It is University policy to fully comply with the Family Educational Rights and Privacy Act of 1974 as amended. Guidelines and regulations for discharge of the University's obligation under this Act are contained in the *Code on Campus Affairs and Regulations Applying to All Students* which is available to students during on-campus registration in the Armory and at 177 Administration Building.

Under these guidelines:

- Students have the right to inspect their education record.
- The University may release without the student's consent information which appears in student directories and publications which are available to the public except when requested by a student to suppress this information through the fifth day of classes of the following semester. Forms for suppressing this information are available at the Information Desk in the Armory during on-campus registration and at the Post-Registration Service Center in the Illini Union. They must be completed at registration or within the first five days of class in a semester.
- Certain student records may be released only with the prior consent of the student.
- Certain student records can be released with or without the student's consent.
- Under certain conditions, parents may be granted access to a student's record with or without the student's consent.
- Procedures exist for students to challenge the contents of their educational record.

Campus Locations of Student/Consumer Information

The University of Illinois at Urbana-Champaign has student/consumer information available at the following campus locations.

- Admissions — Office of Admissions and Records, 177 Administration Building, 333-0302, or your individual college office
- Financial aid — Student Financial Aids Office, 420 Fred H. Turner Student Services Building, 333-0100
- Housing — Housing Information Office, 420 Fred H. Turner Student Services Building, 333-1420
- Other information — the Student Assistance Center, lobby of the Fred H. Turner Student Services Building, 333-4636

TUITION AND FEES

The tuition and fees for the 1980 fall semester given below are those authorized at the time this *Timetable* was published but are expected to increase for the 1980-81 academic year. Students should be aware that tuition and fees may be changed without notice. Students registered on campus are assessed tuition on the basis of their college of enrollment (undergraduate, graduate, or professional); residence classification (Illinois or non-Illinois resident),

and credit range, which is determined by the number of semester hours and/or graduate units for which a student is registered. Credit for undergraduate course work is counted in semester hours; credit for graduate course work is counted in units. For tuition and fee assessment purposes, 1 graduate unit is equivalent to 4 semester hours. Complete information about tuition and fees, including fees for flight instruction and special programs; waivers and exemptions; and refunds are available at the Fee Assessment Office, Window 26, 100 Administration Building, Telephone (217) 333-0210.

² The hospital-medical-surgical insurance fee is used to pay the premium for group health insurance which provides worldwide coverage and permits the student to have a free choice of any legally qualified hospital or licensed physician (McKinley

Health Services excepted). A brochure explaining the University group insurance program is available from the Insurance Office, Window 21, 100 Administration Building.

³ The McKinley Health Center on campus provides medical services without cost to the student and is not reimbursed for them by any insurance program.

⁴ Teaching and research assistants are not entitled to a waiver of the hospital-medical-surgical insurance fee or the McKinley health service fee unless they also have a fellowship or grant that specifically pays for these fees.

Installment Plan for Paying Tuition, Fees, and Housing Charges

An installment plan for the payment of tuition and fees, single student residence hall charges, and flight instruction fees is available to students enrolled on campus. The installment plan does not apply to registration in extramural, correspondence, and intersession courses, or to specific students for whom this privilege has been denied.

The installment plan for the payment of tuition and fees, residence hall charges (single student housing only), and flight instruction fees requires that charges for each semester be collected in three installments, the first payable during the first ten days of instruction and the remaining installments payable in each of the two following months.

Students electing the installment plan for the payment of tuition and fees, flight instruction fees, and/or residence hall charges are assessed a finance charge of 1 percent of the amount deferred or a minimum charge of \$2, whichever is greater.

Students who have been permitted to pay their tuition and fee charges on the installment basis and later withdraw from the University or reduce their registration to a lower credit range after the established refund deadline date for an academic term are liable for the full amount of tuition and fees assessed.

An installment payment of tuition and fees, residence hall charges, and/or flight instruction fees, and other charges to a student account are delinquent on the first day of the month following the date that payment is due.

Emergency Short-Term and Intermediate Loans

In emergencies, UIUC students may be eligible to negotiate short-term or intermediate loans. For information, students who are U.S. citizens should go to 130 Fred H. Turner Student Services Building; international students should go to 313 Fred H. Turner Student Services Building.

Delinquent Student Accounts

A delinquent service charge of 1 percent per month or a minimum monthly charge of \$1, whichever is greater, is added to delinquent student accounts. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

SEAL Fund (Students for Equal Access to Learning)

Students registered on campus pay a \$2 fee during each semester to supplement existing financial aid for needy students. A refund is available at the Office of Business Affairs, 100 Administration Building, to those students who do not desire to participate, beginning September 22 and ending October 3, 1980.

Student Organization Resource Fee (SORF)

Students registered on campus pay a \$3 fee during each registration to support the Student Legal Service and to help fund programs and/or services of registered organizations. A refund is available at the Office of Business Affairs, 100 Administration Building, to those students who do not desire to participate, beginning October 6 and ending October 17, 1980.

Refunds

CANCELLATION OF REGISTRATION

Students who sign and return their Registration Agreement and later decide not to attend the University may cancel the agreement up to 5 p.m. on the first day of classes.

To cancel a registration agreement students must send or bring a request for cancellation to the Office of Admissions and Records, 10 Administration Building. If the request is received in the Director's Office by 5 p.m. August 22, 1980 — the last day of on-campus registration — the student's registration agreement will be cancelled and the student will not be charged tuition and fees.

Students who have not attended any classes nor received any related student services may cancel their registration agreement up to 5 p.m. on the first day of classes in an academic term if they obtain the approval of their college dean or designated representative. Normal clearance procedures must be followed. To be relieved of the obligation to pay appropriate tuition and fees, students who cancel their registration agreement must surrender their permanent ID card and/or the individualized validation label which will accompany their statement of tuition and fees. These items must be returned immediately upon receipt of the statement to the fee assessor at Window 26, 100 Administration Building, or by mail addressed to the Office of Admissions and Records, Fee Assessor, 10 Administration Building.

Once students have attended a class, they may not cancel their registration agreement. If they leave the University,

they must officially withdraw from the University. Refunds for students who withdraw from the University are described below.

WITHDRAWAL FROM THE UNIVERSITY

A student who has been charged tuition and/or fees for any academic term and later withdraws from the University for reasons other than active military service or other approved national defense service, during the first ten days of instruction in a semester, shall be assessed a nonrefundable charge in the amount of one-half of the service fee plus the hospital-medical-surgical insurance fee and the McKinley health service fee (rounded if necessary to the next higher even dollar) or \$30, whichever is greater. The student who withdraws continues to be covered by health insurance and is eligible to receive McKinley health services, if fees for insurance and health services were paid, until the first day of on-campus registration for the next term. For students who have not paid these fees, the nonrefundable charge shall be reduced by the amount of the appropriate fee(s).

Refund deadline date is September 8 for the 1980 fall semester.¹ Thereafter no refund is allowed. Special refunds are authorized to students who withdraw to enter active duty in the armed forces or other approved national defense service.

REDUCTION OF PROGRAM

Students who have paid tuition and/or fees and who reduce their registration to a lower fee assessment range receive a refund of the full amount of the difference in tuition and fees specified for such schedules provided the change is made during the period designated above for refund of tuition and fees in case of withdrawal from the University. Refund deadline date is September 8.¹ Thereafter no refund is allowed.

INCOMPLETE REGISTRATION

A Post-Registration Statement of tuition, fees, and other charges will be mailed on the first day of instruction to students who signed and submitted a Registration Agreement by the close of on-campus registration. A student's registration is not complete until the Office of Business Affairs has received the Post-Registration Statement with the appropriate payment by the due date indicated on that statement.

Students who fail to complete their registration must pay the nonrefundable charge in the amount of one-half of the service fee plus the hospital-medical-surgical insurance fee and the McKinley health service fee or \$30, whichever is greater.

VISITORS

Persons registered as visitors who desire to withdraw receive a full refund of the visitor's fee, if originally charged, provided they make a personal request for a refund at the Office of Admissions and Records during the first ten

¹ In cases of extenuating circumstances, such as medically documented serious illness or injury, exceptions to the refund policy may be made by the Director of Admissions and Records. Petition forms are available at the Records Office, 69 Administration Building (west basement).

days of instruction in a semester. Refund deadline date is September 8 for the 1980 fall semester.¹ Thereafter no refund is made.

FLIGHT TRAINING

A student who withdraws from a flight-training course during the first ten days of instruction in a semester receives a refund of a full flight-training fee. Refund deadline date is September 8 for the 1980 fall semester.¹ Thereafter no refund is made.

Tuition and Fee Exemptions

Appearing below are some of the generally applicable tuition and fee waivers; a full description of all tuition and fee charges with authorized exemptions and waivers is provided in the *Undergraduate Programs* catalog. Tuition and fee waivers are not granted for the Executive M.B.A. Program. Students are urged to consult the Fee Assessment Office, 100 Administration Building, Window 26, if they feel they qualify for any of these waivers.

WAIVER OF TUITION

Tuition is waived for:

1. All academic employees of the University or allied agencies on appointment for at least 25 percent but not more than 67 percent of full-time services provided the appointments require service for not less than three-fourths of term. A term is defined as running from the first day of registration through the last day of final examinations. Three-fourths of a term is defined as ninety-one days in a semester and forty-one days during the eight-week summer session. This waiver covers graduate teaching and research assistants. Caution: academic appointments are cumulative. For example, if a person holds two appointments, a 25 percent and 50 percent appointment, he or she is ineligible for a tuition waiver.
2. Full-time academic/professional staff of the University of Illinois who enroll in course work related to their career development within the University. A waiver may be granted for course work to a maximum of 8 hours or 2 units of credit or two courses during a semester.
3. University academic employees registered at the request of their departments in zero-credit courses especially established to improve the work of the employee.
4. Academic staff members emeriti.
5. Holders of tuition waiver scholarships.
6. Holders of graduate tuition and fee waivers awarded by the Graduate College.
7. Holders of grants or contracts from outside sponsors which provide payments to cover the total cost of instruction.
8. Cooperating teachers and administrators who receive an assignment of practice teachers or who receive assignment of students meeting the clinical experience requirement in teacher education curricula, or who cooperate in research projects related to teacher edu-

cation are exempted for one semester, quarter, or summer session for each semester, quarter, or summer session of service rendered. The exemption shall apply to the semester, quarter, or summer session of registration as designated by the student which is concurrent with, or following, the term of service, but must be applied no later than one calendar year from the beginning of the term of service. Concurrent registration on more than one campus of the University or in University extramural courses constitutes one semester, quarter, or session of eligibility for exemption. A similar waiver is authorized for cooperating librarians, school-nurse teachers, social welfare field supervisors, recreation field supervisors, health and education field supervisors, speech pathology supervisors, and physicians who participate without salary in the instructional program of the School of Basic Medical Sciences.

9. Nonacademic employees of the University in status appointments or in appointments designed to qualify for status in an established class (e.g., trainee, intern) for at least 50 percent of full-time services who register in regular University courses for not to exceed:

Six credit hours or two courses in a semester or quarter if on full-time appointment,

Four credit hours if on a 75 percent to 99 percent time appointment, or

Three credit hours if on a 50 percent to 74 percent time appointment, provided that they (1) meet conditions and eligibility for admission as prescribed by the Office of Admissions and Records, (2) are not students as defined in Civil Service Rule 7.7c, and (3) have approval by their employing departments of enrollment and of a makeup schedule to cover any time in course attendance during their regular work schedule.

The waiver of tuition also applies to any additional hours of registration by employees which keep them within the same fee assessment credit range. Employees whose total registration is in a higher range than that authorized by their tuition waiver pay only the difference between the waiver authorization and the higher range in which their total registration places them.

10. Nonacademic employees in a status, learner, trainee, apprentice, or provisional appointment may enroll without payment of tuition in regular courses directly related to their University employment for not to exceed 10 credit hours per semester provided they have made application and received prior approval for enrollment as required by procedures issued by the director of nonacademic personnel and set forth in *Policy and Rules — Nonacademic*.

WAIVER OF THE NONRESIDENT PORTION OF TUITION

Nonresident portion of tuition (if subject to payment of tuition) is waived for:

1. All staff members (academic, administrative, or permanent nonacademic) on appointment for at least 25 percent of full-time services with the University or allied agencies, provided the appointment requires service for not less than three-fourths of the term.

¹ In cases of extenuating circumstances, such as medically documented serious illness or injury, exceptions to these refund periods may be made by the Director of Admissions and Records, acting on a petition submitted by the student. Petition forms are available at 69 Administration Building (west basement)

2. The faculties of state-supported institutions of higher education in Illinois holding appointments of at least one-quarter time, provided the appointment requires service for not less than three-fourths of the term.
3. The teaching and professional staff in the private and public elementary and secondary schools in Illinois, such as counselors, school psychologists, school social workers, librarians, and administrators who hold such an appointment at least one-quarter time, and for not less than three-fourths of the term.
4. The spouses and dependent children of all staff members (academic, administrative, or nonacademic) on appointment with the University or allied agencies for at least 25 percent full-time service, and of those listed in the second item above. (Dependent children are those who qualify as dependents for federal income tax purposes.)
5. The spouses and dependent children of fellows and trainees who are employed as teaching assistants to the fullest extent permitted by their fellowship appointment.
6. Persons actively serving in one of the armed forces of the United States who are stationed and present in the state of Illinois in connection with that service and their spouses and dependent children, as long as the military person remains stationed, present, and living in this state.

SERVICE FEE WAIVERS

The service fee is waived for:

1. All academic staff members of the University or allied agencies on appointment for at least 25 percent of full-time services, provided the appointments require service for not less than three-fourths of the term. This includes graduate teaching and research assistants.
2. Holders of graduate tuition and fee waivers awarded by the Graduate College.
3. Students registered in absentia.
4. Students registered in approved off-campus courses and study abroad courses.
5. Holders of grants or contracts from outside sponsors which provide payments to cover the total cost of instruction if this fee is charged to the contract or grant funds.
6. Cooperating teachers and administrators. (See Waiver of Tuition above.)
7. University academic employees registered at the request of their departments in zero-credit courses especially established to improve the work of the employee.
8. Academic staff members emeriti.
9. Nonacademic employees of the University exempted from tuition as specified in the last two categories under Waiver of Tuition section above.

McKINLEY HEALTH SERVICE AND STUDENT INSURANCE FEE

Students totally exempt from payment of the Student Insurance Fee and the McKinley Health Service Fee, and therefore not eligible for these benefits and services are:

1. Persons registered for doctoral thesis research in absentia.
2. Persons registered in off-campus courses and study abroad courses for 0 credit.
3. University employees registered at the request of their department in 0 credit courses especially established to improve the work of the employee.
4. Staff members who are registered as students and who are eligible for the mandatory State of Illinois Employees Insurance Program.

Students registered on the Urbana-Champaign campus for courses which are taught entirely off campus during a given term are required to pay the insurance fee but not the McKinley health service fee.

STUDENT HEALTH INSURANCE

All students are assessed an insurance fee to cover the cost of the University Student Comprehensive Health Insurance Program. This fee may be waived if the student presents evidence of equivalent insurance coverage along with a petition for exemption from the insurance fee.

Evidence of equivalent insurance may be established by the student's insurance policy or an identification card with a brochure to outline the benefits of the program. Military personnel and their dependents need only show their military identification cards. Letters from employers, insurance companies, or agents will be accepted provided they are on company letterhead stationery and are signed by a company official giving the name of the insurance company and defining the scope of the insurance coverage of the student.

To qualify for the exemption, a student must present satisfactory evidence of insurance and an exemption petition at:

- Station 7, at the Armory during on-campus registration.
- The Insurance Station at the Post-Registration Service Center in the Illini Union Building.
- The Student Insurance Office, Window 21, room 100, Administration Building.

Requests for exemption MUST be made within the first ten days of instruction during a semester.

Once waived, the exemption will be continuous and it is the student's responsibility to request reinstatement in the Student Health Insurance Program.

SUMMER SESSION TUITION AND SERVICE FEE WAIVERS

Students holding summer session appointments as fellows or as employees must pay the tuition and fees required by their appointments.

Students holding appointments to the close of the spring semester of an academic year either as employees or fellows, and for whom tuition and/or the service fees have been provided through waiver or through cash payment by an outside agency, are entitled to a waiver of the same kind of tuition and fees for the summer session or summer term immediately following, provided they hold no appointments during that summer session.

NONCOMBINED FINAL EXAMINATION SCHEDULE

Fall Semester 1980

Friday, December 12 through Friday, December 19, 1980.

Note: This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine or to combined-sections examinations. These schedules will be announced later.

REQUIREMENT

Final examinations will be given during the scheduled final examination period for each course, except in a course which has a character that renders a final examination unnecessary or impracticable. The head or chairperson of the academic department in which the course is offered determines when a final examination is not required.

TIME OF EXAMINATIONS

Instructors must give final examinations at the time specified in the enclosed schedule unless a change is approved *in advance* by the vice-chancellor for academic affairs. Requests for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. Instructors who are scheduled to give the final examination to approximately forty or more students on the last day of the final examination period may have special problems in meeting the deadline for the submission of grades and may wish to request a change. Requests for early examinations should be made only in cases of legitimate need and not just for the convenience of students and instructors.

Requests for changes in the examination schedule will not be considered for approval unless the instructor (a) has polled the class to determine that an alternative date is desired by a majority of the class members, (b) also offers the examination at the regularly scheduled time if there are those who do not choose to take it at the alternate time, and (c) has contacted the Office of Space Utilization and has an assurance that space is available in which to give the examination at an alternate time, if approved. The Office of Space Utilization will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Only the dean of the student's college may approve temporary postponement of the final examination in individual cases of undergraduate students.

Graduate Students: The student's instructor is authorized to approve requests for postponement of the final examination in individual cases of graduate students.

TAKE-HOME EXAMINATIONS

If take-home final examinations are assigned, they are to be submitted at the time and date of the regularly scheduled final examination. If instructors wish to depart from this practice, they must follow the procedure for changing the

final examination schedule as outlined in the preceding item.

LENGTH OF EXAMINATIONS

Attention is called to the action of the University Senate providing that the maximum limit for undergraduate examinations shall be three hours, except by special arrangement in individual cases approved by the dean of the college concerned. At the discretion of the department, a shorter examination may be given.

PLACE OF EXAMINATIONS

Examinations will be held in the room where the course meets for the first contact hour of the week except for combined examinations, examinations for courses in which the instructor has requested additional space for the examination, or specially scheduled examinations. Instructors will announce any special room assignments.

CONFLICTS

Noncombined examinations always have precedence over combined examinations, and departments giving combined-sections examinations must provide "conflict examinations" if required. Two examinations in sequence are not considered "conflicts."

In cases of students having two evening examinations scheduled at the same time, the examination for classes meeting at 7 a.m., 12 noon, 4 p.m., 5 p.m., 6 p.m., 7 p.m. and 8 p.m. shall have priority in that order. Instructors must provide examinations for students with conflicts.

STUDENTS HAVING MORE THAN TWO EXAMINATIONS IN ANY TWENTY-FOUR HOUR PERIOD

No student should be required to take more than two examinations which begin in any twenty-four hour period. Any student having more than two examinations scheduled in any twenty-four hour period is entitled to rescheduling as follows: The student must investigate whether a conflict examination is being held at another time for any of the examinations involved. If a conflict examination has been scheduled for any of the courses, the student must take one or more of these conflict examinations. If no conflict examinations have been scheduled, the student should contact the instructor of the course having the largest number of students. That instructor must provide the make-up examination.

DISCIPLINE FOR ACADEMIC IRREGULARITIES

Cases of academic irregularity (cheating) shall be handled by the respective schools and colleges, except that cases recommended for suspension or dismissal from the University shall be referred to the Subcommittee on Undergraduate Student Conduct. For details of procedure, consult the *Code on Campus Affairs and Regulations Applying to All Students*.

SUPERVISION OF EXAMINATIONS

Instructors must supervise all examinations and are responsible for seeing that there is no communication of any sort during the examination except with the instructor.

NONCOMBINED FINAL EXAMINATION SCHEDULE

EXAMINATION DATE	EXAMINATION TIME IS		
	8-11 a.m. for courses with first contact listed below	1:30-4:30 p.m. for courses with first contact listed below	7-10 p.m. for courses with first contact listed below
Friday December 12	8 or 8:30 a.m. Monday	1 or 1:30 p.m. Monday	4 p.m. or later Monday
Saturday December 13	11 or 11:30 a.m. Monday	3 or 3:30 p.m. Tuesday	NO EXAMS
Monday December 15	8 or 8:30 a.m. Tuesday	2 or 2:30 p.m. Tuesday	
Tuesday December 16	10 or 10:30 a.m. Tuesday	11 or 11:30 a.m. Tuesday	4 p.m. or later Tuesday
Wednesday December 17	9 or 9:30 a.m. Monday	3 or 3:30 p.m. Monday	12 or 12:30 p.m. Monday
Thursday December 18	9 or 9:30 a.m. Tuesday	2 or 2:30 p.m. Monday	12 or 12:30 p.m. Tuesday
Friday December 19	10 or 10:30 a.m. Monday	1 or 1:30 p.m. Tuesday	NO EXAMS

* This examination period will be used exclusively for combined examinations.

THE FINAL EXAMINATION FOR A COURSE IS SCHEDULED ACCORDING TO THE FULL OR HALF/HOUR ON MONDAY OR TUESDAY ON WHICH THE CLASS FIRST MEETS DURING THE SEMESTER. For example, if a course meets at 8 a.m. on MWF, the examination must be given from 8 to 11 a.m. on Friday, December 12. The final examination for a course meeting regularly on Tuesday from 3:30 to 5:30 p.m. must be given from 1:30 to 4:30 p.m. on Saturday, December 13.

In courses having a combination of lecture and discussion and/or laboratory periods, the first lecture hour of the week is considered the first contact of the week.

For courses not provided for in the examination schedule (those meeting for the first time on Wednesday or later), examinations are to be given within the established examination schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the department office to schedule the room for the examination.

For 300- and 400-numbered education courses meeting only once a week, the final examination will be scheduled at the same time, in the same room, and on the same weekday scheduled for the regular meeting of the course throughout the semester. The instructor for the course must call the College of Education to confirm the room for the examination.

LISTING OF COURSES

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be supplied to advisers for checking program cards during registration.

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed for freshmen and sophomores) are numbered 100 to 199; for advanced undergraduates (designed for juniors and seniors), 200 to 299; for advanced undergraduates and graduates (junior, senior, or graduate standing required), 300 to 399; for graduates, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Classification of Students

Classification of undergraduate students for registration purposes is based on the following scale, including physical education and military credit: freshman standing, 0 to 29 hours; sophomore standing, 30 to 59 hours; junior standing, 60 to 89 hours; senior standing, 90 or more hours.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, "8-10 MWF" indicates that the class period begins at 8:00 a.m. and continues for two hours on Monday, Wednesday, and Friday; while "11 TTS" means that the class period begins at 11:00 a.m. and continues for fifty minutes on Tuesday, Thursday, and Saturday. Any class beginning after 6:00 p.m. is indicated by the letters PM. For example, "730-930PM" indicates that the class period begins at 7:30 p.m. and continues to 9:30 p.m. The place of meeting of each class is shown by the number of the room and the name of the building.

Credit

Credit for undergraduate students is counted in semester hours. An hour is one class period a week for one semester or the equivalent in laboratory or field work or approved independent study. The number of hours for which each course counts is shown under each course.

Credit for graduate students is counted in units. A unit course requires ten hours of time each week through the semester, irrespective of the distribution of that time in classwork, laboratory or field work, and private study. Four such courses or their equivalent constitute a student's normal program for one semester. The unit values of graduate courses are indicated under each of these courses. No course may be taken for graduate credit unless it is so designated in this *Timetable* of courses offered. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or $\frac{1}{2}$ to 2 units, and in registering for a course with variable credit each student puts on his or her Program Request the number of hours or units for which he or she intends to take the course.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Approval of the Graduate College must be obtained for the registration of undergraduate students in 400-level courses for either semester hour or unit credit, or in 300-level courses for unit credit.

AVIATION

DEPARTMENT OFFICE U OF I WILLARD AIRPORT

COURSES OFFERED BY THE INSTITUTE OF AVIATION ARE OPEN TO STUDENTS AND FACULTY IN ALL DEPARTMENTS OF THE UNIVERSITY. SUBJECT TO LIMITATIONS IMPOSED BY THE AVAILABILITY OF SPACE AND EQUIPMENT. CREDIT FOR INSTITUTE OF AVIATION COURSES IS GENERAL UNIVERSITY CREDIT. HOWEVER, ITS USE AS CREDIT TOWARD GRADUATION IS A MATTER FOR EACH COLLEGE TO PASS UPON

THE FEE FOR EACH INSTITUTE OF AVIATION FLIGHT COURSE IS AS FOLLOWS: AVIATION 101, \$856; AVIATION 102, \$540; AVIATION 105, AND 115, \$525; AVIATION 120, \$1087; AVIATION 130, \$1087; AVIATION 140, \$1244; AVIATION 200, \$1279; AVIATION 210, \$1395; AVIATION 220, \$600; AVIATION 222, \$489; AVIATION 224, \$490; AVIATION 280, \$1000; AVIATION 291, \$1000

THERE IS NO FEE FOR AVIATION 250

ALL FLIGHT STUDENTS MUST POSSESS A VALID F.A.A. MEDICAL CERTIFICATE ON THE FIRST DAY OF CLASS, EXCEPT FOR AVI 101 STUDENTS, WHO MUST MAKE ARRANGEMENTS FOR A MEDICAL EXAMINATION DURING THE FIRST WEEK OF CLASS. AVI 105 AND 115 STUDENTS DO NOT NEED A MEDICAL CERTIFICATE

STUDENTS IN AVIATION 210 ARE REQUIRED TO POSSESS A CURRENT "SECOND" CLASS F.A.A. MEDICAL CERTIFICATE ON THE FIRST DAY OF CLASS

BUS TRANSPORTATION BETWEEN THE CAMPUS AND AIRPORT IS PROVIDED FREE OF CHARGE TO ALL STUDENTS REGISTERED IN AVIATION COURSES THAT MEET 8AM TO 5PM. THE DAILY BUS SCHEDULE, WITH ROUTINGS, IS LISTED SEPARATELY IMMEDIATELY FOLLOWING THE FLIGHT COURSES

STUDENTS MAY PROVIDE THEIR OWN TRANSPORTATION IF THEY WISH. HOWEVER, THERE IS A CHARGE FOR PARKING IN EITHER EVENT. ALL STUDENTS REGISTERING FOR AVIATION COURSES SHOULD SELECT THE APPROPRIATE BUS SECTIONS IN ORDER TO AVOID CONFLICTS WITH ON-CAMPUS COURSES

DEPARTMENTAL APPROVAL IS REQUIRED PRIOR TO REGISTRATION IN ANY FLIGHT COURSE. ONLY FULL TIME GRADUATE STUDENTS AND SENIORS WILL BE PERMITTED TO REGISTER ON THE FIRST DAY OF ADVANCED REGISTRATION. FULL TIME JUNIORS WILL BE PERMITTED TO REGISTER ON THE SECOND DAY. FULL TIME SOPHOMORES ON THE THIRD DAY. FULL TIME FRESHMEN ON THE FOURTH DAY

AND PART TIME STUDENTS, ACADEMIC AND NONACADEMIC STAFF MEMBERS ON THE FIFTH DAY. DURING THE ADVISING PERIOD OF ADVANCE ENROLLMENT, EACH STUDENT PLANNING TO REGISTER FOR A FLIGHT COURSE MUST GO TO 317 ENGR HALL FOR APPROVAL AND SECTIONING BETWEEN 8:00 A.M. AND 12:00 NOON

STUDENTS SHOULD BE AWARE THAT EXTRA FLIGHT PERIODS ARE NECESSARY IN MOST FLIGHT COURSES

IN SOME CASES, TWO OR MORE FLIGHT COURSES MAY BE TAKEN CONCURRENTLY BY SPECIAL PERMISSION

AVI 101 Private Pilot, I.

Ask any professional about Hewlett-Packard calculators. You'll discover they're the ones dedicated to solving your problems. In the world of calculators Hewlett-Packard means outstanding performance: the most advanced functions and programming features to save you time and increase accuracy; the most advanced design to give you greater ease-of-use; rigid quality control for flawless performance year after year; the most comprehensive and easy-to-read documentation; the most extensive selection of software solutions so you can spend your time solving problems instead of writing programs; and Continuous Memory in programmable models so you can retain your programs and data, even when the calculator has been turned off.

Hewlett-Packard features six different calculators starting at just \$70,* to provide professional solutions to problems in science, engineering and business throughout your academic and professional career.

HP-32E Scientific with Statistics
HP-33C Programmable Scientific with Continuous Memory
HP-31C Advanced Programmable Scientific with Continuous Memory
HP-37E Business
HP-38C Advanced Financial Programmable with Continuous Memory

Its mother was a computer. Its father was a Kenwood.

THE KENWOOD KR-770 RECEIVER

We think our new KR-770 is the most intelligent high performance receiver in the world.

The heart of our new receiver is its remarkable brain. A microprocessor-controlled quartz synthesizer tuning section, which uses Kenwood's unique computerized digital frequency encoding system to provide incredibly accurate, drift-free AM and FM stereo reception.

There's also a lot of convenience engineered into our computer-memory receiver. Like automatic station scanning. Six AM and six FM digital tuning presets which you can program to instantly address your favorite stations.

And a lithium battery powered memory-safeguard system to save the programming in your receiver's digital memory in case of power loss.

But there's more to our new KR-770 receiver than just brains. Take power, for instance. 80 watts per channel, minimum RMS at 8 ohms from 20 to 20,000 Hz with less than 0.02% total harmonic distortion.

HI-SPEED

And for performance, the KR-770 provides a long list of innovative Kenwood engineering features. Like Hi-Speed™ circuitry for exceptional musical clarity. DC to give crisp,

clear bass response down to 0 Hz. Our new Zero Switching output circuits to eliminate crossover distortion. And wide and narrow IF band circuitry to maximize FM reception.

You also get digital frequency read-out. LED indicators for power output, signal strength and function controls. Plus a built-in equalizer.

See your Kenwood dealer for a demonstration of the first computer good enough to be a Kenwood.

For the Kenwood dealer nearest you, see your Yellow Pages, or write Kenwood, P.O. Box 6213, Carson, CA 90749.

Introducing the Italian sports car from Detroit.

We gave Alejandro De Tomaso one of the most aerodynamic automobiles built in America...Dodge 024. We asked Italy's automotive legend to create a sport coupe that would satisfy all his exacting standards of style and performance...and Dodge De Tomaso was born.

Outside, you are dazzled by a front air dam, rear air spoiler, wheelhouse flares, rear quarter louvers and a distinctive brushed metal roof band.

Inside, you are tempted by the comfort of the black vinyl buckets, the

De Tomaso.

feel of a leather-wrapped sport steering wheel and the visual interplay of the instrumentation.

Fire up the eager 1.7 liter overhead cam engine and feel the power surge around you. A smooth four-speed manual transmission gets the show on the road with help from a 3.5:1 overall top gear ratio, cast aluminum wheels and wide Aramid-belted radials. Front-wheel drive, a four-wheel independent sport suspension, rack-and-pinion steering and front disc brakes help Dodge De Tomaso shrug off the corners, smooth out the bumps and snap to a stop quickly and precisely.

Of course, Dodge De Tomaso is not for everyone. But if you insist upon superior design, state-of-the-art engineering and an exhilarating driving experience, Dodge De Tomaso may be what you've been waiting for.

It's the one exotic Italian sports car that's made in America for the American road.

WHY PUT UP WITH MORE PAIN THAN YOU HAVE TO?

(Or how a rotten headache works.
And why Excedrin works better than Bayer or regular Tylenol.)

From time to time, you may find yourself really being overworked. Or overtired. Having too many cigarettes. Or too much coffee. Or even missing a meal.

The problem is, all these things and more can sometimes give you a rotten headache.

Biologically, what happens is this: the muscles in your head and neck contract. If they stay contracted too long, you can get real pain and discomfort.

Worse yet, sometimes the blood vessels carrying blood to your brain may also contract. And that can make your nerve endings end up screaming.

To relieve all this, Excedrin gives you something extra. Extra Strength.

Excedrin provides more pain reliever, more total strength than Bayer, Tylenol, or any regular strength tablet, aspirin or non-aspirin.

In fact, a combined analysis of 3 hospital studies indicates Excedrin can relieve pain significantly better than any regular tablet.

Next time you get a rotten headache, why put up with more pain than you have to?

Try Excedrin. The Extra Strength Pain Reliever.™

And see for yourself why, for literally millions of people, Extra Strength means Excedrin.

EXTRA STRENGTH MEANS EXCEDRIN®

Read and follow label directions
when using Excedrin or any medicine.

REGISTRATION INSTRUCTIONS

DON'T CAUSE PROBLEMS FOR YOURSELF: AVOID THESE REGISTRATION ERRORS

1. LOSS OF REGISTRATION-BY-MAIL PRIVILEGES occurs when you don't advance enroll or when you fail to meet an obligation resulting in a registration encumbrance. Encumbering offices will notify you before imposing the encumbrance; promptly fulfill the obligation. Once encumbered, you must attend on-campus registration.
2. LOSS OF ADVANCE ENROLLMENT OR ON-CAMPUS CLASS SCHEDULE will occur if you do not return a Registration Document. If you receive a document by mail, you may return it by mail or at on-campus registration. If you do not receive a document by mail, you must obtain and submit an on-campus Registration Document at the Armory. **TO PRESERVE YOUR SCHEDULE OF CLASSES, YOU MUST RETURN A REGISTRATION DOCUMENT PRIOR TO THE CLOSE OF ON-CAMPUS REGISTRATION ON JANUARY 15.** You may assure that your document is received by returning the postcard enclosed with your Registration-by-Mail Document; the postcard will be returned to you on receipt of your document.
3. Late payment charges of \$25 or \$50, or LOSS OF STUDENT PRIVILEGES AND ACADEMIC CREDIT FOR THE SEMESTER may result from your failure to obtain and return a Post-Registration Statement of charges and financial aid with the required payment. Statements are sent to the address identified as the local address on the document; students not receiving statements by mail must obtain duplicates from the Post-Registration Service Center in the Illini Union. **ALL STUDENTS SUBMITTING REGISTRATION DOCUMENTS THROUGH THE END OF THE FIRST WEEK OF INSTRUCTION MUST RETURN STATEMENTS AND PAYMENTS BY NOON, FRIDAY, JANUARY 30, 1981.** The penalty for failing to complete registration is described on page 25. **THESE STEPS ARE REQUIRED OF ALL STUDENTS. IF YOU BELIEVE YOU SHOULD BE EXEMPTED FROM ONE OF THESE REQUIREMENTS, YOU MUST OBTAIN APPROVAL FROM THE REGISTRAR (333-0210) FOR ITEMS 1 AND 2, AND SUPERVISOR OF COLLECTIONS (333-2180) FOR ITEM 3.**

OVERVIEW OF REGISTRATION

Course Selection

A primary function of registration is the selection of courses for the term. Course selection may be done either during the advance enrollment period or at on-campus registration. The advantages of completing this step during the advance enrollment period are both convenience and a higher probability of getting the courses you want; additionally, *only advance enrolled students may register by mail.*

Initial Registration Activities

As part of registration, the University must obtain an up-to-date address and other information from you. Since tuition and fee charges will be collected after classes begin, it is also necessary for you to sign and return a registration agreement which obligates you to pay all tuition, fees, housing, and other charges incurred by your registration. If you advance enroll and are not encumbered, you may complete this portion of registration by mail.

IF YOU DO NOT ADVANCE ENROLL OR ARE ENCUMBERED, YOU MUST ATTEND ON-CAMPUS (ARMORY) REGISTRATION TO SIGN THE REQUIRED REGISTRATION AGREEMENT.

Completion of Registration

Your registration is not complete until you return your Post-Registration Statement with the appropriate payment by the due date indicated on that statement. You may make your payment by mail, regardless of whether you completed the initial portion of registration by mail or at on-campus registration. During the first week of class, you will receive a statement of tuition, fees, and other charges, and an itemization of any University-administered financial aid and University employment benefits which offset those charges. This statement is sent to the address you entered in the local address area of the registration document. You complete your registration by returning this statement with the required payment by the due date. The penalty for failing to complete your registration on time is described on page 25. Students with questions or problems can discuss them with University staff at the Post-Registration Service Center which will be in operation during the first two weeks of instruction in rooms B and C of the Illini Union. A graphic version of this description is shown in the flowchart on page 4.

We know a lot of you are thinking about buying a motorcycle. So we've published a practical little primer to help answer your questions — questions like which type and size motorcycle is right for me? Two-stroke or four-stroke? What about insurance? Financing? And much more.

Our "How to Buy a Motorcycle" booklet is unbiased and objective. (Well, we did throw in a few good words for ourselves at the end.) And, if you ask us, it's kind of fun to read.

Best of all, it's free. Just fill in the blanks, send us the coupon, and we'll send you the booklet. Or pick one up at any Yamaha dealer.

You'll find out how to get more miles, and fun, per gallon.

DETAILED REGISTRATION INSTRUCTIONS

You must complete three major functions in order to be registered:

1. Select your courses
2. Complete a Registration Document
3. Return your Post-Registration Statement with payment by the due date indicated on the statement.

Course selection may be completed in one of two ways — by advance enrolling (described below) or by attending on-campus registration (described in section III).

I. ADVANCE ENROLLMENT

Advance enrollment is a process whereby students request courses and sections in which they wish to enroll, and academic departments, within the limitations of instructional resources, attempt to accommodate student requests. This process begins with each qualified student completing a Program Request Form.

A. STUDENTS WHO MAY ADVANCE ENROLL

- Currently enrolled students in degree programs (See section # B.1 below)

Advance enrollment is not mandatory; however, if you are eligible to advance enroll, you are encouraged to do so to improve your chances of obtaining your desired class schedule, and to allow you to register by mail.

STUDENTS WHO MAY NOT ADVANCE ENROLL

- New and readmitted students (Information describing your initial registration will be included with your notice of admission.)
- Undergraduate students graduating in January 1981 who are not approved to pursue a graduate, professional, or a second baccalaureate degree
- Part-time, nondegree students (See section B.2 below)

B. HOW TO COMPLETE ADVANCE ENROLLMENT

1. Continuing students

If you are a continuing student, you will receive during the fourth week of October, a Mid-Semester Study List/Address Collection Form which will allow you to indicate where you wish to have registration-by-mail materials sent. If you are an undergraduate or professional student, you will receive your form by mail; if you are a graduate student, you should obtain your form from your department office.

Follow instructions on the Mid-Semester Study List to report discrepancies in your fall 1980 course enrollment to your college or department office. If you want to receive registration-by-mail materials for spring 1981 at an address different from your home address, follow instructions on the Address Collection Form to indicate the address to which you want your Registration Document sent in December. If you will not be at any of your current addresses in December, you have the option of providing

an alternate address to be used specifically for the receipt of your registration-by-mail materials.

The Program Request Form, obtained from your college, department, or adviser, is used to record your request for courses and sections and should be completed in consultation with your adviser. If you are enrolled in a college which allows self-advising, you should submit the form in accordance with instructions provided by your college. If you are currently enrolled in a University of Illinois at Urbana-Champaign college other than the Graduate College, and have been approved for admission to the Graduate College for the 1981 spring semester, you must obtain advising and submit your Program Request Form through your graduate department, not the college in which you are currently enrolled. Instructions are included on the back of the Program Request Form to aid you in its completion. Correct completion of the Program Request Form is essential for your advance enrollment and registration by mail. **READ THE INSTRUCTIONS CAREFULLY.**

A Program Worksheet is included on page 2 of this *Timetable* to allow you to work out a draft schedule before entering it on the Program Request Form. It is recommended that you keep your Program Worksheet for future reference.

2. Part-time, nondegree students

If you are a part-time, nondegree student, you may not advance enroll or attend on-campus registration, but must complete your registration following the third day of instruction. The \$15 late registration fine will not apply to nondegree undergraduate students who register on the fourth or fifth days of instruction; it will not apply to nondegree graduate or professional students who register between the fourth and tenth day of instruction.

Undergraduate and professional nondegree students should go first to their college office of enrollment to obtain preliminary registration materials. Graduate nondegree students should obtain their preliminary registration materials from their adviser or major department of enrollment and bring them to 321 Administration Building to be checked. All students must then bring their registration forms to the Post-Registration Service Center, Illini Union, rooms B and C to complete the registration process. (See section VI. of these instructions.)

3. Non-advance-enrolled students

Students who do not advance enroll must complete course selection at on-campus registration, described in section III. C.

II. REGISTRATION BY MAIL

You may complete by mail the preliminary part of your registration, *if you advance enrolled and are not encumbered.*

A. ADVANCE-ENROLLED, NONENCUMBERED STUDENTS

If you advance enrolled during October 29 and November 5 and are not encumbered, you will receive a Registration-by-Mail Document about the third week of December at the address you indicated on your Address

Collection Form. Included on the Registration Document are your advance enrollment schedule of classes and current address information, which you should review and correct. *Since the Post-Registration Statement of charges and financial aid will be mailed to the address shown in the local address area of this form, it is essential that this address be complete and correct. This statement allows you to complete your registration and contains a validation label for your permanent ID card. YOU MAY ALSO ARRANGE TO PICK UP YOUR STATEMENT AT THE POST-REGISTRATION SERVICE CENTER (DESCRIBED BELOW) BY MARKING THE APPROPRIATE SPACE ON THE REGISTRATION DOCUMENT.*

Also included on the Registration Document is a registration agreement which you must sign; your signature constitutes agreement to pay all registration charges (or the first installment amount) by the due date — January 30 (noon). Receipt of the signed document by the University before the end of on-campus registration enrolls you in the courses listed on your advance enrollment schedule, subject to the policy on course enrollment stated in the *Code on Campus Affairs and Regulations Applying to All Students*. Although you have not yet completed your registration by paying your tuition and fee charges, you will be entitled to most services and benefits available to fully registered students beginning with the first day of classes.

With the Registration Document you will receive a summary of the campus billing and refund policy, tuition and fee schedule, student budget, directory of student services, and two postcards. One of the postcards can be used to cancel your registration. The other, if self-addressed and stamped, will be used by the University to acknowledge receipt of your document. Included on the back of the instruction portion of the document is a financial planning form. *While you are not being billed for registration charges at this point, you may wish to estimate their amount by completing the planning form with information from the tuition and fee schedule and other known information. The planning form should not be returned with your document, but should be kept for your future reference.*

SIGN YOUR REGISTRATION DOCUMENT AND RETURN IT IN THE ENVELOPE PROVIDED. If you do not need to make class schedule changes, the initial portion of your registration is now complete.

If the Registration Document is not received in the Office of Admissions and Records by the close of on-campus registration on Thursday, January 15, at 5:00 p.m., enrollment in the courses shown on your advance enrollment schedule will be cancelled and you will be required to late register. Allow at least five days prior to this date for the U.S. Postal Service to deliver the mail.

B. ADVANCE-ENROLLED STUDENTS WHO NEED TO MAKE SCHEDULE CHANGES

If you need to make changes to your advance enrollment schedule, sign and return the Registration Document and attend on-campus registration according to the Alphabetical Order of Registration shown below. Since many class sections are filled during on-campus registration, it is in your best interest to make any required changes at this time. It is also more convenient to make these changes when department staff are available to assist you at a single location.

Be sure to bring your half of the document with your schedule of classes pre-printed on it.

C. ADVANCE-ENROLLED, ENCUMBERED STUDENTS

If you advance enrolled but were encumbered by a campus office for failure to discharge some responsibility or obligation, *you may not register by mail.* You will receive an advance enrollment schedule with information about your encumbrance and will be required to attend on-campus registration. Report to the document distribution station in the Armory.

D. NON-ADVANCE-ENROLLED STUDENTS

If you did not advance enroll, you must complete the initial portion of your registration at on-campus registration as indicated below in section III.

III. ON-CAMPUS REGISTRATION

You have the option of completing course selection and the initial portion of registration at on-campus registration in the Armory. On-campus registration will be held on January 14 and 15 according to the Alphabetical Order of Registration shown below. **NOTE THAT ON-CAMPUS REGISTRATION IS SCHEDULED FOR TWO DAYS ONLY.**

A. STUDENTS WHO MUST ATTEND ON-CAMPUS REGISTRATION

- Non-advance-enrolled students
- Advance-enrolled students who have been encumbered
- Advance-enrolled students who need to make schedule changes
- Advance-enrolled students who elected not to register by mail

B. ALPHABETICAL ORDER OF REGISTRATION (BY LAST NAME)

If you plan to attend on-campus registration, you should arrive at the south central Armory door according to the schedule listed below. You will be admitted to the Armory *at or after, but not before the time listed.*

C. ACTIVITIES AT ON-CAMPUS REGISTRATION

With minor exceptions the on-campus registration operation is housed in the Armory, and includes two major activities — course sectioning and document completion.

1. Non-advance-enrolled students

Non-advance-enrolled graduate students: You may obtain your Program Request Form and other registration materials before on-campus registration days at the office of your adviser, beginning January 7, 1981. You should go to the Armory at the time indicated in the Alphabetical Order of Registration shown above to complete your on-campus registration.

Non-advance-enrolled undergraduates or professional students: You must go at the time indicated in the Alphabetical Order of Registration shown above and to the location indicated below to complete a Program Request Form and receive a Registration Document. The colleges provide instructions about meeting with advisers and completing on-campus registration. You should obtain registration materials from the following locations unless you receive special instructions to the contrary:

AGRICULTURE, human resources and family studies, home economics education, interior design, and restaurant management	268 Bevier Hall
All other curricula	108 Mumford Hall
APPLIED LIFE STUDIES, all curricula	107 Huff Gymnasium
AVIATION, all curricula	Aviation Encumbrance Table, Armory
BASIC MEDICAL SCIENCES	190 Medical Sciences Building
COMMERCE AND BUSINESS ADMINISTRATION, all curricula	214 David Kinley Hall
COMMUNICATIONS, all curricula	119 Gregory Hall
EDUCATION, all curricula	130 Education Building
ENGINEERING, all curricula	Engineering Document Table, Armory
FINE AND APPLIED ARTS, all curricula	114 Architecture Building
LAW, all classes	207 Law Building
LIBERAL ARTS AND SCIENCES, all curricula	Northwest entrance, Lincoln Hall

NURSING	1115½ West Oregon, Urbana
SOCIAL WORK	1207 West Oregon, Urbana
VETERINARY MEDICINE, all classes	137 Veterinary Medicine Building

2. Non-advance-enrolled, encumbered students

Undergraduate and professional students: If you did not advance enroll and were encumbered, your college will give you a college authorization card in lieu of a Registration Document at the time indicated in the Alphabetical Order of Registration shown above. Go to your college location noted above at the time indicated in the Alphabetical Order of Registration and then to the south central door of the Armory. Take the authorization card to the document distribution station where you will be given an Encumbrance Clearance Form and instructions for clearing the encumbrance. You must then return the clearance form to the encumbrance clearance station where staff will exchange it for your Registration Document.

Graduate students: You should go directly to the document distribution station in the Armory at the time indicated in the Alphabetical Order of Registration to obtain your Encumbrance Clearance Form.

3. Advance-enrolled, encumbered students

If you are notified on your advance enrollment schedule that your registration is being encumbered, you must go to the south central door of the Armory at the time specified in the Alphabetical Order of Registration given above and then to the document distribution station for instructions on clearing your encumbrance.

D. ON-CAMPUS COURSE SECTIONING

To be admitted to the course sectioning area you will need either your advance enrollment schedule or your Registration Document, if you did not advance enroll. You can complete the following transactions in the sectioning area:

Course Transactions	Forms you will need
<i>Advance-enrolled Students</i>	
Program Change (add or drop)	Advance enrollment schedule Change of Program Form approved by your adviser (approval is not required for eligible students in colleges which permit self-advising)
Section Change	Advance enrollment schedule Completed Change of Section Form
<i>Non-advance-enrolled Students</i>	
Program Request	On-campus Registration Document Program Request Form approved by your adviser (approval is not required for eligible students in colleges which permit self-advising)

Pure Energy.

Every note. Every breath. Every last ounce of energy he put into the original performance.

Get it all. With the new 6½" Coax I car stereo speaker from Jensen.

A 6" woofer reproduced the bass with the intensity and power of real life. Yet distortion is virtually non-existent.

Treble? The separate tweeter's high tones are not just accurate. They're precise.

Don't worry about installation, either...no sweat. The 6½" Coax I is at home in either your

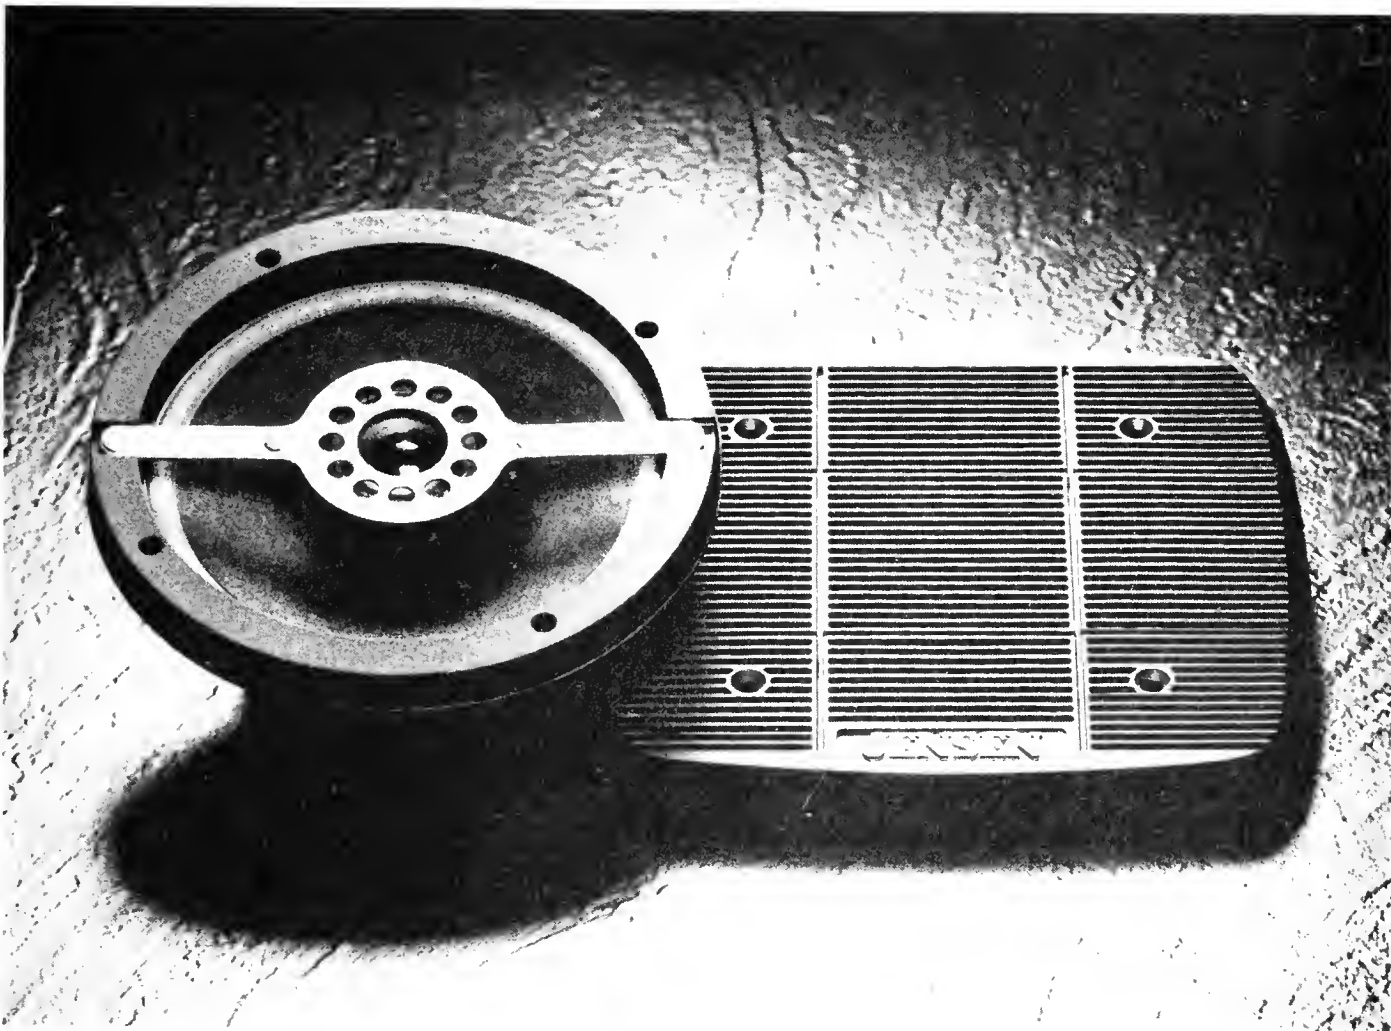

car's rear deck or up in the front doors. And with its remarkably shallow 1⅜" depth, this speaker fits in narrow sub-compact car doors that other speakers wouldn't even think about.

Get it all. Easy installation and foot-stomping musical realism in your car.

Course transactions which have been approved by your adviser, if required, can be completed in the sectioning area by presenting the appropriate form to the representative of the department offering the course. If a space is available to you, that representative will enter the required approval on your Program Request, Change of Program, or Change of Section forms.

During on-campus registration, students who submit Program Request, Change of Program, and/or Change of Section forms but who fail to include *complete written information*, which clearly identifies the course or section in which they wish to enroll, will forfeit the departmental approval to enroll which was obtained by having their name added to the course list. Consequently, such students must compete with all others who wish to add that course/section after instruction begins.

E. COMPLETION OF ON-CAMPUS REGISTRATION DOCUMENT

The on-campus Registration Document is similar to the Registration-by-Mail Document, except that the on-campus Registration Document does not contain the advance enrollment schedule. If you did not complete a document and return it by mail, you must do so at on-campus registration. You must be sure to provide a complete mailing address in the area identified as local address to which your Post-Registration Statement of charges and financial aid can be sent, and you must sign the registration agreement. If you do not have a local address, you must mark the form to indicate that you will pick up your statement in person at the Post-Registration Service Center in the Illini Union. You must turn in your Registration Document with other forms you have completed in the sectioning area prior to leaving the Armory.

Also included on the document is a registration agreement which you must sign; your signature constitutes agreement to pay all registration charges (or the first installment amount) by the due date shown on the document. Receipt of the signed document by the University before the end of on-campus registration enrolls you in the courses listed on your advance enrollment schedule or your on-campus Program Request Form, subject to the policy on course enrollment stated in the *Code on Campus Affairs and Regulations Applying to All Students*. Although you have not yet completed your registration by paying your tuition and fee charges, you will be entitled to most services and benefits available to fully registered students beginning with the first day of classes.

F. OTHER ACTIVITIES AT ON-CAMPUS REGISTRATION

In addition to stations for Registration Document distribution, encumbrance payment, and encumbrance clearance, on-campus registration will have stations where you can obtain information about tuition and fee assessment and the award and application of financial aid to charges; change insurance coverage or purchase dependent insurance; obtain new or replacement ID cards; suppress the release of items of directory information; and register bicycles or motor vehicles.

IV. TUITION AND FEE BILLING

Billing and payment of tuition, fee, housing, and other registration charges occur after the close of on-campus registration. If you returned a signed Registration Document, cleared any encumbrances pending, remain in good academic standing, and provided the University with a correct local mailing address on your Registration Document, you will be mailed a Post-Registration Statement of charges during the first week of instruction. *If you have not received your statement by the end of the first week of instruction, you should go to the Post-Registration Service Center, described below, to obtain a duplicate copy. IT IS YOUR RESPONSIBILITY TO OBTAIN A STATEMENT. YOU ARE OBLIGATED TO PAY THE REGISTRATION CHARGES INDICATED ON THE STATEMENT BY THE DUE DATE REGARDLESS OF WHETHER OR NOT YOU RECEIVE A STATEMENT AT YOUR LOCAL ADDRESS.*

Your statement itemizes all registration charges, financial aid administered by the University, financial aid which is secured for you by the billing of charges to external agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. In addition, the installment payment plan, with due dates and finance charges, is described.

If your statement indicates that you have cash aid in excess of charges, you must bring your statement to the Post-Registration Service Center to pick up your check.

A personalized ID card validation label is included on your statement. This label is nontransferable and must be placed on the back of your ID card.

V. PAYMENT OF TUITION, FEES, AND HOUSING CHARGES

Amounts due for tuition, fees, and other charges must be paid in full or by installment by the following dates.

January 30

(noon) Students who registered by mail or completed on-campus registration on January 14 or 15. Statements will be mailed to the local mailing address given on the Registration Document.

January 30

(noon) Students who registered at the Post-Registration Service Center from Monday January 19 to Friday, January 23. Statements are not mailed to these students; you must pick up your statement at the Post-Registration Service Center by noon Friday, January 30.

February 2

(4 p.m.) Students who register at the Post-Registration Service Center from Monday, January 26, to Friday, January 30 (noon). Statements are not mailed; you must pick up your statement at Window 26, 100 Administration Building.

Immediately ... Students who register on or after Monday, February 2. Statements are not mailed to late registrants.

stop by or call

LT. KEVIN KIMBALL
238 Armory Phone 333-1061

All late registrants must pick up their statements in person. Students who register during the first week of classes must pick up their statements at the Post-Registration Service Center by noon on Friday, January 30. Students registering during the second week of classes must pick up their statements at 100 Administration Building on February 2 before 4 p.m.

PAYMENT OPTIONS

You may pay your tuition and fee charges in total or by installment. The payment policy is described in this *Timetable* and on the statement you will receive. The due dates for payments for both options are shown on the statement.

You may return your check or money order by U.S. mail or by depositing it in one of the special drop boxes at the following locations:

- Illinois Street Residence Hall — Illinois Street entrance
- Florida Avenue Residence Hall — main entrance to Trelease Hall
- Gregory Drive Snack Bar — south entrance
- Allen Hall — next to the mailboxes
- Administration Building — west entrance
- Engineering Hall — east entrance
- Main Library — central corridor
- Illini Union — southwest entrance

If you must make payment in cash bring it to the Post-Registration Service Center.

WARNING

If you have not made full or the first installment payment by noon on January 30, 1981, you will not have completed your registration. You will be allowed to remain in class and complete your registration during the next fourteen calendar days if you pay an additional charge of \$25 for failure to complete your registration on time.

If by February 13 you still have not completed your registration, you will be dropped from class and will receive no credit for the semester unless your petition for reinstatement is approved, and you pay your tuition and fees, the \$25 registration extension charge, and an additional \$25 reinstatement charge.

Students who returned their Registration Document but failed to make full or first installment payment by February 13 and are not reinstated, must pay a nonrefundable charge for the semester amounting to one-half of the service fee plus the entire insurance and McKinley Health Service fees, or \$30, whichever is greater.

VI. POST-REGISTRATION SERVICE CENTER

To provide a convenient location for you to resolve most problems which you might have in completing your registration, a Post-Registration Service Center will be in

operation in rooms B and C of the Illini Union during the first two weeks of instruction.

The following activities are supported in the service center:

- Questions about fee assessment
- Questions about financial aid
- Receipt of cash payments for tuition and fee charges
- Late registration, except course transactions which are processed in college and department offices
- Suppressing the release of directory information
- Statement replacement
- Will-call, post-registration statements
- ID card replacement
- Questions about graduate assistantship or fellowship appointments
- Health insurance exemption and dependent coverage

The service center will be in operation:

- January 19 to January 29 — 9 a.m. to 4 p.m.
- January 30 — 9 a.m. to 12 noon

VII. LATE REGISTRATION

Late registration will be conducted in the Post-Registration Service Center, Illini Union rooms B and C, from Monday, January 19, until noon Friday, January 30. Registration is not conducted on Friday afternoon, January 30. Thereafter, it will be held at Window 26, 100 Administration Building.

LOCATION OF LATE REGISTRATION MATERIALS

- Non-advance-enrolled undergraduate and professional students — office of the college of enrollment.
- Advance enrolled undergraduate and professional students — Post-Registration Service Center until noon of January 30, or Window 26, 100 Administration Building, on February 2 and after.
- All graduate students — office of the department of enrollment.

If you register after 5:00 p.m. Thursday, January 15, you will lose your advance enrollment schedule and will be assessed the late registration fine of \$15. The late registration fine may be waived upon petition in exceptional circumstances, such as serious illness or death in the immediate family, activities during the registration period which will benefit your academic program, or circumstances beyond your control. The petition form is available at the Post-Registration Service Center until noon Friday, January 30, and at Window 26, 100 Administration Building, thereafter. Undergraduate students may register after the fifth day of instruction only with written consent of their college dean.

If you late register during the first week of class you must pick up your Post-Registration Statement in person at the Post-Registration Service Center during the second week of class. Students who register between January 26 and January 30 (noon) must pick up their Post-Registration Statement in 100 Administration Building, Window 26, on February 2 and return it with payment in person by 4 p.m. on the same day.

DON'T MISS OUT!

Would you sign up for a lifetime course in applied Christianity?

Our course will take you deep into the Third World, to some
of the most depressed and oppressed places on earth.

To God's Country.

As a Maryknoll Missioner, you can share the love of God with
these, His people. You can bring them hope and peace and dignity.

You will practice some very practical Christianity, too. You
might set up adult education classes, show a starving farmer how
to improve his crop, or a struggling worker how to improve his
lot. Most of all, you will share the Gospel of Jesus Christ.

You will learn and keep on learning the rest of your life. You
will learn and share their language, of course. But also their cul-
ture, traditions and, yes, their religion. You will learn the quality
of joy that can only come from doing unto others, because all the
while you give yourself to their lives, they give meaning to yours.

GENERAL INFORMATION

Student Regulations

University regulations applying to students at the Urbana-Champaign campus of the University of Illinois are published in the *Code on Campus Affairs and Regulations Applying to All Students*. Students are responsible for complying with the regulations of the University, their colleges, and the departments from which they take courses, and for fulfilling the requirements for a particular degree.

The *Code on Campus Affairs and Regulations Applying to All Students* is available at 177 Administration Building, the Campus Student Assistance Center at 107 Fred H. Turner Student Services Building, the ID station in the Armory (during on-campus registration), and the Post-Registration Service Center in the Illini Union, Room C.

Some of the student regulations are given below, but students are advised to refer to the complete regulations as stated in the *Code on Campus Affairs and Regulations Applying to All Students*.

Residency Classification

The residency classification of students for admission and tuition assessment is determined on the basis of the information given on the admission application and other credentials. Students who desire to change their assigned residency status must submit a petition. The residency regulations and the petition form are available at 177 Administration Building. The petition for a change in residency classification for the spring semester must be submitted within twenty days after registration or the first day of instruction, whichever is later, or the student loses all rights to a change in status and/or adjustment of the tuition assessed for the semester.

Course Enrollment

During advance enrollment and on-campus registration students may request enrollment in courses subject to conditions imposed by the colleges and academic departments.

Although the University attempts to honor student requests for specific courses and sections, advance enrollment scheduling is conducted in a way which will provide the greatest number of acceptable schedules for all advance enrolled students.

Course requests at advance enrollment and on-campus registration are accepted according to enrollment conditions imposed by the offering department. Colleges and departments reserve the right to impose enrollment prerequisites; to reassign students to other sections in a course; to withdraw students from certain courses or sections after advance enrollment and/or on-campus registration; or to cancel course offerings or sections for legitimate educational reasons (e.g., whenever minimum enrollment standards have not been met).

Conditions for course enrollment and changes to them may be publicized in the *Timetable*, *Timetable Supplement*, or other media available to the University, and at locations where students request sectioning approval from departmental representatives.

During on-campus registration, students who submit Program Request Forms, Change of Program Forms, and/or Change of Section Forms, but who fail to include complete

written information which clearly identifies the course or section in which they wish to enroll, will forfeit the departmental approval to enroll which was obtained by having their name added to the course list. Consequently such students must compete with all others who wish to add that course section after instruction begins.

Number of Hours Required

Each undergraduate student is required to pursue a normal program of studies. The number of hours varies with the college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or designated representative.

For undergraduate, graduate, and professional students, the minimum program required for receipt of maximum educational benefit payments under the Veteran's Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 hours or 3 units in a semester (6 hours or 1½ units in an eight-week summer session).

The minimum undergraduate program for Dean's List is 14 hours.

Repeated Undergraduate Courses

If a student is permitted by the dean of his or her college to repeat a subject for which the student has received credit either by classwork at the University or by advanced standing previously allowed for work done elsewhere, he or she forfeits the original credit. The original credit earned in a course is not forfeited by reregistration unless the student remains registered in the repeated course to the end of the semester, term, or summer session.

Failure to pass the repeated course does not restore the original credit, but both grades count in the graduation average if the course is one regularly acceptable toward the student's degree. If the course is again repeated, all grades received, passed or failed, are counted in the graduation average.

Students in Debt to the University — All Students

A monetary penalty of \$5 is assessed students for each check they present to the University which is returned by the bank to the Office of Business Affairs for insufficient funds or other reasons. Additional penalties, including dismissal from the University, may be imposed on students who permit their University accounts to become delinquent or who issue checks which are returned to the University unpaid.

A student who is in debt to the University at the end of any academic term is not permitted to register in the University again, and is not entitled to receive his or her diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless there is pending a bankruptcy petition of the student seeking a discharge of all such indebtedness, or all such indebtedness has been discharged.

Registration of Listeners or Visitors — All Students

A "visitor" is only a listener in the classes attended and is not a participant in any part of the exercises. Visitors are not permitted in laboratory, military, physical education (other than theory), or studio classes. Students on "dropped" status are not eligible to visit classes.

Permission for enrolled students to attend a class as listeners or visitor is granted only by the instructor of the class and with the approval of the dean of the student's college. Written approval must be obtained on an official Visitor's Permit available at college offices. Former students not currently registered must obtain the approval of the dean of the college in which they were last registered. Persons not previously registered obtain the approval of the dean of the college in which the course is offered. Nonacademic employees of the University also must secure the recommendation of the head of the department in which they work and approval of the director of the Urbana-Champaign Personnel Services Office.

Registered students on a full fee schedule (Range I) and those holding scholarships, tuition waivers, or staff appointments which exempt them from tuition are not charged a fee for visiting classes.

Persons with scholarships which are specifically limited by law to courses for residence credit only are charged a \$15 fee for each course attended as a visitor.

Persons who are not registered in University courses and students registered on campus on a partial program fee schedule (Range II, III, or IV) are charged a fee of \$15 for each course attended on campus as a visitor only.

The visitor's fee is waived for persons sixty-five years of age or older. Proof of age must be presented at the Fee Assessment Office, 100 Administration Building, Window 26.

The Credit-No Credit Grading Option

The credit-no credit grading option at this campus is designed to encourage student exploration into areas of academic interest which they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than those whose transcripts contain none or very few. Likewise in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade since they do not know whether the actual grade was a D, E, or Ab.

ALL STUDENTS

- Credit-no credit courses are not counted toward the grade-point average but are included as part of the total credit hours.
- Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC.
- Grades of C or better are required in order to earn credit.
- Final grades of CR or NC (for credit or no credit) are recorded on the student's permanent academic record and subsequently will not be changed to letter grades.
- Correspondence course students may elect the credit-no credit option prior to completion of one-eighth of the lessons contained in the course; however, should they desire to return to a letter grade, an amended credit-no credit form must be filed prior to completion of one-half of the lessons.
- Courses taken under the credit-no credit option, either in residence or in correspondence, may be dropped only in accordance with the normal procedures for dropping courses.

UNDERGRADUATE STUDENTS

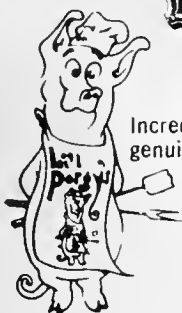

- Any undergraduate student in good academic standing (not on probation) may elect the credit-no credit system. Students not in residence, but enrolling in correspondence courses, may elect the credit-no credit option provided they are in good academic standing.
- To elect the credit-no credit option, students must obtain the approval of their adviser or, in the case of a correspondence course, their adviser or college office.
- Students who go on probation after enrolling must change their program to eliminate the credit-no credit option.
- A maximum of 18 semester hours earned under the credit-no credit option may be applied toward a degree at the Urbana-Champaign campus of the University. A correspondence course taken on a credit-no credit basis will be included in the 18 semester hour maximum credit-no credit limit allowed. A full-time student may take a maximum of two courses each semester under the credit-no credit option. Part-time students may take one course each semester under this option. Summer session students may take one course under the credit-no credit option.
- Any lower or upper division course may be chosen under the credit-no credit option except courses used to satisfy the University's general education requirements, courses designated by name or area by the major department for satisfying the major or field of concentration, or those specifically required by name by the college for graduation.
- In cases of subsequent change of major or field of concentration, courses previously taken under the credit-no credit option in the new field may qualify for meeting major requirements.
- Undergraduate students must exercise the credit-no credit option for a course taken in residence only during registration, within the first eight weeks of instruction in a semester, during the first four weeks of an eight-week course taught in a fall or spring semester, or during registration or within the first four weeks of instruction during the summer session. Students may elect to return to the regular grade option by filing an amended request within the first eight weeks of instruction in a semester, within the first four weeks of instruction in an eight-week course taught during a semester, or within the first four weeks of instruction during the summer session. The credit-no credit option form must be properly approved and deposited in the college office.

Consult the fall semester calendar for the deadline dates.

PROFESSIONAL STUDENTS

- Students in the Colleges of Law and Veterinary Medicine, under the credit-no credit option, may elect undergraduate courses not required as part of the professional curriculum.
- Professional students may elect the credit-no credit option only during advance enrollment, during on-campus registration, within the first eight weeks of a semester, within the first four weeks of an eight-week course taught in a fall or spring semester, or within the first four weeks during the summer session. Students may elect to return to the regular grade basis by filing an amended request within the first eight weeks of instruction in a semester, within the first four weeks of

instruction in an eight-week course taught during a semester, or within the first four weeks of instruction during the summer session. The credit-no credit option form must be properly approved and deposited in the college office.

GRADUATE STUDENTS

- Graduate students may elect the credit-no credit option only during advance enrollment, during on-campus registration, or through the last day allowed for dropping a course without academic penalty. Students may elect to return to the regular grade basis by filing an amended request by the deadline date for dropping a course without academic penalty as indicated in the Graduate College calendar. The credit-no credit option form must be properly approved and deposited in the college office.
- The student's adviser must approve the election of this option in accordance with the policy established by the major department.
- At least 2 units of credit with grades of A through D must be earned on this campus for every unit of credit earned under the credit-no credit option.

Identification Cards

New students are issued a plastic photo identification card which is validated for every subsequent term in which they register. This ID card must be retained by them while they are registered at the University. A validation label is included on the Post-Registration Statement of all students and must be placed on the back of their ID card. The validation label is nontransferable and contains information about insurance and health services entitlement. The ID card is issued by the Office of Admissions and Records and remains the property of the University. Students who alter or intentionally mutilate a University ID card, who use the ID card of another, or allow their ID card to be used by another may be subject to discipline.

A charge of \$6, payable at the ID Center, Window 27, 100 Administration Building, is made for replacement of each lost, mutilated, or stolen student ID card. A charge of \$1 is made for the replacement of each lost, mutilated, or stolen ID validation label.

An identification card for student spouses may be obtained without cost at the ID Center.

Falsification of Documents

Any student who, for purposes of fraud or misrepresentation, falsifies, forges, defaces, alters, or mutilates in any manner any official University document or representation thereof may be subject to discipline. Some examples of official documents are identification cards, program cards, change slips, receipts, transcripts of credits, library documents, etc.

Any student who knowingly withholds information or gives false information on an application for admission or readmission may become ineligible for admission to the University or may be subject to discipline.

Any student who knowingly withholds information or gives false information in any document or material submitted to any member or agent of the University may be subject to discipline.

Living Quarters of Students

Each registered student is responsible for maintaining in the Office of Admissions and Records the current addresses of his or her local residence and permanent home

(or permanent mailing address) and the address of his or her parent(s), guardian, or spouse. All changes must be reported immediately to 69 Administration Building (west basement).

Withdrawal from the University

Students who leave the University during any semester, term, or summer session must officially withdraw from the University by filing a clearance paper. Otherwise the courses they are pursuing will appear on their record as Ab (absent — counts as failure). Students enrolled in only one course who later drop that course, must officially withdraw from the University.

Upon notification that the University discipline system has initiated action against a student, that student may not officially withdraw until the hearing of the case has been conducted by the appropriate disciplinary committee. Students begin the clearance procedure at their college office.

Withdrawal of Undergraduate Students within the Last Three Weeks of a Semester and Students Whose Status Cannot Be Determined

Undergraduate students who withdraw from the University within the last three weeks of instruction in a semester or those whose status cannot be determined because of excused grades, may register again only on petition approved by the dean of their college. (See Academic Calendar for date.)

Transcripts of Courses and Grades

Students who have paid their University fees and charges are entitled to receive, upon written request and without charge, one transcript of their academic record. Students who graduate or withdraw from the University and have outstanding loans will not be issued a transcript until they have completed an exit interview with the Office of Business Affairs. Every transcript includes the student's entire academic record to date and current academic status. Partial transcripts are not issued. For each additional transcript, a fee of \$1 is charged. Reimbursement should be by check or money order made payable to the University of Illinois and should be submitted with the request for transcripts. Transcripts may be ordered at 69 Administration Building (west basement).

Transcripts issued at the request of students for whom possible disciplinary action is pending are followed by a corrected transcript issued without charge to the original recipient showing the final status in the event that the student involved is subsequently placed on disciplinary probation, is deferred readmission to the University of Illinois until the student appears before the appropriate hearing body, or is dismissed from the University as a result of the pending action.

Under ordinary circumstances, transcripts will not be released during the period of final examinations and two weeks thereafter in order to allow for the recording of final grades for the term.

Student Records Policy

It is University policy to fully comply with the Family Educational Rights and Privacy Act of 1974 as amended. Guidelines and regulations for discharge of the University's obligation under this act are contained in the Code on Campus Affairs and Regulations Applying to All Students

which is available to students during on-campus registration in the Armory, 107 Fred H. Turner Student Services Building, and 177 Administration Building.

Under these guidelines:

- Students have the right to inspect their education record.
- The University may release without the student's consent information which appears in student directories and publications which are available to the public except when requested by a currently enrolled student to suppress this information until the first day of classes of the following semester. Forms for suppressing this information are available at the Information Desk in the Armory during on-campus registration and at the Post-Registration Service Center in the Illini Union. They must be completed at registration or within the first five days of class in a semester.
- Certain student records may be released only with the prior consent of the student.
- Certain student records can be released with or without the student's consent.
- Under certain conditions, parents may be granted access to a student's record with or without the student's consent.
- Procedures exist for students to challenge the contents of their educational record.

Campus Locations of Student/Consumer Information

The University of Illinois at Urbana-Champaign has student/consumer information available at the following campus locations.

- Admissions — Office of Admissions and Records, 177 Administration Building, 333-0302, or your individual college office
- Financial aid — Student Financial Aids Office, 420 Fred H. Turner Student Services Building, 333-0100

TUITION AND FEES

The tuition and fees for the 1981 spring semester given below are those authorized at the time this *Timetable* was published. Students should be aware that tuition and fees may be changed without notice. Students registered on campus are assessed tuition on the basis of their college of enrollment (undergraduate, graduate, or professional); residence classification (Illinois or non-Illinois resident), and credit range, which is determined by the number of semester hours and/or graduate units for which a student is registered. Credit for undergraduate course work is counted in semester hours; credit for graduate course work is counted in units. For tuition and fee assessment purposes, 1 graduate unit is equivalent to 4 semester hours. Complete information about tuition and fees, including fees for flight instruction and special programs, waivers and exemptions, and refunds are available at the Fee Assessment Office, Window 26, 100 Administration Building, (217) 333-0210.

¹ Separate tuition and fee schedules for students in the Executive M.B.A. Program, the Schools of Basic Medical Sciences and Clinical Medicine, and the Program for Study in Japan are available from the Fee Assessment Office, Window 26, 100 Administration Building, (217) 333-0210.

² The hospital-medical-surgical insurance fee is used to pay the premium for group health insurance which provides worldwide coverage and permits the student to have a free choice of any legally qualified hospital or licensed physician (McKinley

Health Services excepted). A brochure explaining the University group insurance program is available from the Insurance Office, Window 21, 100 Administration Building.

³ The McKinley Health Center on campus provides medical services without cost to the student and is not reimbursed for them by any insurance program.

⁴ Teaching and research assistants are not entitled to a waiver of the hospital-medical-surgical insurance fee or the McKinley health service fee unless they also have a fellowship or grant that specifically pays for these fees.

Installment Plan for Paying Tuition, Fees, and Housing Charges

An installment plan for the payment of tuition and fees, single student residence hall charges, and flight instruction fees is available to students enrolled on campus. The installment plan does not apply to registration in extramural, correspondence, and intersession courses, or to specific students for whom this privilege has been denied.

The installment plan for the payment of tuition and fees, residence hall charges (single student housing only), and flight instruction fees requires that charges for each semester be collected in three installments, the first payable during the first ten days of instruction and the remaining installments payable in each of the two following months.

Students electing the installment plan for the payment of tuition and fees, flight instruction fees, and/or residence hall charges are assessed a finance charge of 1 percent of the amount deferred or a minimum charge of \$2, whichever is greater.

Students who have been permitted to pay their tuition and fee charges on the installment basis and later withdraw from the University or reduce their registration to a lower credit range after the established refund deadline date for an academic term are liable for the full amount of tuition and fees assessed.

An installment payment of tuition and fees, residence hall charges, and/or flight instruction fees, and other charges to a student account are delinquent on the first day of the month following the date that payment is due.

Emergency Short-Term and Intermediate Loans

In emergencies, UIUC students may be eligible to negotiate short-term or intermediate loans. For information, students who are U.S. citizens should go to 130 Fred H. Turner Student Services Building; international students should go to 313 Fred H. Turner Student Services Building.

Delinquent Student Accounts

A delinquent service charge of 1 percent per month or a minimum monthly charge of \$1, whichever is greater, is added to delinquent student accounts. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

Students in Debt to the University

A monetary penalty of \$5 is assessed students for each check they present to the University which is returned by the bank to the Office of Business Affairs for insufficient funds or other reasons. Additional penalties, including dismissal from the University, may be imposed on students who permit their University accounts to become delinquent or who issue checks which are returned to the University unpaid.

A student who is in debt to the University at the end of any academic term is not permitted to register in the University again and is not entitled to receive his or her diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made unless there is pending a bankruptcy petition by the student seeking discharge of all such indebtedness, or all such indebtedness has been discharged.

SEAL Fund (Students for Equal Access to Learning)

Students registered on campus pay a \$2 fee during each semester to supplement existing financial aid for needy students. A refund is available at the Office of Business Affairs, 100 Administration Building, to those students who do not desire to participate, beginning February 16 and ending February 27, 1981.

Student Organization Resource Fee (SORF)

Students registered on campus pay a \$3 fee during each registration to support the Student Legal Service and to help fund programs and/or services of registered organizations. A refund is available at the Office of Business Affairs, 100 Administration Building, to those students who do not desire to participate, beginning March 2 and ending March 13, 1981.

Refunds

CANCELLATION OF REGISTRATION

Students who sign and return their registration agreement and later decide not to attend the University may cancel the agreement up to 5 p.m. on the first day of classes.

To cancel a registration agreement students must send or bring a request for cancellation to the Office of Admissions and Records, 10 Administration Building. If the request is received in the director's office by 5 p.m. January 15, 1981 — the last day of on-campus registration — the student's registration agreement will be cancelled and the student will not be charged tuition and fees.

Students who have not attended any classes nor received any related student services may cancel their registration agreement up to 5 p.m. on the first day of classes in an academic term if they obtain the approval of their college dean or designated representative. Normal clearance procedures must be followed. To be relieved of the obligation to pay appropriate tuition and fees, students who cancel their registration agreement must surrender their permanent ID card and/or the individualized validation label which will accompany their statement of tuition and fees. These items must be returned immediately upon receipt of the statement to the fee assessor at Window 26, 100 Administration Building, or by mail addressed to the Office of Admissions and Records, Fee Assessor, 10 Administration Building.

Once students have attended a class, they may not cancel their registration agreement. If they leave the University, they must officially withdraw from the University. Refunds for students who withdraw from the University are described below.

WITHDRAWAL FROM THE UNIVERSITY

A student who has been charged tuition and/or fees for any academic term and later withdraws from the University for reasons other than active military service or other approved national defense service during the first ten days of instruction in a semester, shall be assessed a nonrefundable charge in the amount of one-half of the service fee plus the hospital-medical-surgical insurance fee and the McKinley health service fee (rounded if necessary to the next higher even dollar), or \$30, whichever is greater. The student who withdraws continues to be covered by health insurance and is eligible to receive McKinley health services, if fees for insurance and health services were paid, until the first day of on-campus

registration for the next term. For students who have not paid these fees, the nonrefundable charge shall be reduced by the amount of the appropriate fee(s).

Refund deadline date is January 30 for the 1981 spring semester.¹ Thereafter no refund is allowed. Special refunds are authorized to students who withdraw to enter active duty in the armed forces or other approved national defense service.

REDUCTION OF PROGRAM

Students who have paid tuition and/or fees and who reduce their registration to a lower fee assessment range receive a refund of the full amount of the difference in tuition and fees specified for such schedules provided the change is made during the period designated above for refund of tuition and fees in case of withdrawal from the University. Refund deadline date is January 30, 1981.¹ Thereafter no refund is allowed.

INCOMPLETE REGISTRATION

A Post-Registration Statement of tuition, fees, and other charges will be mailed on the first day of instruction to students who signed and submitted a registration agreement by the close of on-campus registration. A student's registration is not complete until the Office of Business Affairs has received the Post-Registration Statement with the appropriate payment by the due date indicated on that statement.

Students who submit a signed registration agreement but fail to return the Post-Registration Statement with the appropriate payment by noon on Friday, January 30, 1981, will not have completed their registration. These students will be allowed to remain in class and complete their registration during the next fourteen calendar days if they pay an additional charge of \$25 for failure to complete their registration.

At the end of the fourteen-day extension period — February 13 — students who still have not completed their registration will be dropped from class and will receive no credit for the term unless their petition for reinstatement is approved, and they pay their tuition and fees, the \$25 registration extension charge, and an additional \$25 reinstatement fee.

Students who returned their Registration Document, but failed to make full or first installment payment by February 13 and are not reinstated, are responsible for paying a nonrefundable charge for the term amounting to one-half of the service fee plus the entire insurance and McKinley health service fees (rounded, if necessary, to the next higher even dollar), or \$30, whichever is greater.

VISITORS

Persons registered as visitors who desire to withdraw receive a full refund of the visitor's fee, if originally charged, provided they make a personal request for a refund at the Office of Admissions and Records during the first ten days of instruction in a semester. Refund deadline date is January 30 for the 1981 spring semester.¹ Thereafter no refund is made.

¹ In cases of extenuating circumstances such as medically documented serious illness or injury, exceptions to these refund periods may be made by the Director of Admissions and Records, acting on a petition submitted by the student. Petition forms are available at 69 Administration Building (west basement).

FLIGHT TRAINING

A student who withdraws from a flight-training course during the first ten days of instruction in a semester receives a refund of a full flight-training fee. Refund deadline date is January 30 for the 1981 spring semester.¹ Thereafter no refund is made.

Tuition and Fee Exemptions

Appearing below are some of the generally applicable tuition and fee waivers; a full description of all tuition and fee charges with authorized exemptions and waivers is provided in the *Undergraduate Programs* catalog. Tuition and fee waivers are not granted for the Executive M.B.A. Program. Students are urged to consult the Fee Assessment Office, 100 Administration Building, Window 26, if they feel they qualify for any of these waivers.

WAIVER OF TUITION

Tuition is waived for:

1. All academic employees of the University or allied agencies on appointment for at least 25 percent but not more than 67 percent of full-time services, provided the appointments require service for not less than three-fourths of term. A term is defined as running from the first day of registration through the last day of final examinations. Three-fourths of a term is defined as ninety-one days in a semester and forty-one days during the eight-week summer session. Students who resign their staff appointments, or whose appointments are cancelled before rendering service for at least three-fourths of the term become subject to the full amount of the appropriate tuition and fees for that term unless they withdraw from University classes at the same time or before the appointment becomes void, or they file a clearance form for graduation within one week following the registration date. This waiver covers graduate teaching and research assistants. Caution: academic and graduate appointments are cumulative. For example, if a person holds two appointments, a 25 percent and 50 percent appointment, he or she is ineligible for a tuition waiver.
2. Full-time academic/professional staff of the University of Illinois who enroll in course work related to their career development within the University. A waiver may be granted for course work to a maximum of 8 hours or 2 units of credit or two courses during a semester.
3. University academic employees registered at the request of their departments in zero-credit courses especially established to improve the work of the employee.
4. Academic staff members emeriti.
5. Holders of tuition waiver scholarships.
6. Holders of graduate tuition and fee waivers awarded by the Graduate College.
7. Holders of grants or contracts from outside sponsors which provide payments to cover the total cost of instruction.
8. Cooperating teachers and administrators who receive an assignment of practice teachers or who receive assignment of students meeting the clinical experience requirement in teacher education curricula, or who cooperate in research projects related to teacher education are exempted for one semester, quarter, or

summer session for each semester, quarter, or summer session of service rendered. The exemption shall apply to the semester, quarter, or summer session of registration as designated by the student which is concurrent with, or following, the term of service, but must be applied no later than one calendar year from the beginning of the term of service. Concurrent registration on more than one campus of the University or in University extramural courses constitutes one semester, quarter, or session of eligibility for exemption. A similar waiver is authorized for cooperating librarians, school-nurse teachers, social welfare field supervisors, recreation field supervisors, health and education field supervisors, speech pathology supervisors, and physicians who participate without salary in the instructional program of the School of Basic Medical Sciences.

9. Nonacademic employees of the University in status appointments or in appointments designed to qualify for status in an established class (e.g., trainee, intern) for at least 50 percent of full-time services who register in regular University courses not to exceed:

Six credit hours or two courses in a semester or quarter if on full-time appointment,

Four credit hours if on a 75 percent to 99 percent time appointment, or

Three credit hours if on a 50 percent to 74 percent time appointment, provided that they (1) meet conditions and eligibility for admission as prescribed by the Office of Admissions and Records, (2) are not students as defined in Civil Service Rule 7.7c, and (3) have approval by their employing departments of enrollment and of a makeup schedule to cover any time in course attendance during their regular work schedule.

The waiver of tuition also applies to any additional hours of registration by employees which keep them within the same fee assessment credit range. Employees whose total registration is in a higher range than that authorized by their tuition waiver pay only the difference between the waiver authorization and the higher range in which their total registration places them.

10. Nonacademic employees in a status, learner, trainee, apprentice, or provisional appointment may enroll without payment of tuition in regular courses directly related to their University employment for not to exceed 10 credit hours per semester provided they have made application and received prior approval for enrollment as required by procedures issued by the director of nonacademic personnel and set forth in *Policy and Rules — Nonacademic*.

WAIVER OF THE NONRESIDENT PORTION OF TUITION

Nonresident portion of tuition (if subject to payment of tuition) is waived for:

1. All staff members (academic, administrative, or permanent nonacademic) on appointment for at least 25 percent of full-time services with the University or allied agencies, provided the appointment requires service for not less than three-fourths of the term.
2. The faculties of state-supported institutions of higher education in Illinois holding appointments of at least one-quarter time, provided the appointment requires service for not less than three-fourths of the term.
3. The teaching and professional staff in the private and public elementary and secondary schools in Illinois,

such as counselors, school psychologists, school social workers, librarians, and administrators who hold such an appointment at least one-quarter time, and for not less than three-fourths of the term.

4. The spouses and dependent children of all staff members (academic, administrative, or nonacademic) on appointment with the University or allied agencies for at least 25 percent full-time service, and of those listed in the second item above. (Dependent children are those who qualify as dependents for federal income tax purposes.)
5. The spouses and dependent children of fellows and trainees who are employed as teaching assistants to the fullest extent permitted by their fellowship appointment.
6. Persons actively serving in one of the armed forces of the United States who are stationed and present in the state of Illinois in connection with that service, and their spouses and dependent children, as long as the military person remains stationed, present, and living in this state.

SERVICE FEE WAIVERS

The service fee is waived for:

1. All academic staff members of the University or allied agencies on appointment for at least 25 percent of full-time services, provided the appointments require service for not less than three-fourths of the term. This includes graduate teaching and research assistants.
2. Holders of graduate tuition and fee waivers awarded by the Graduate College.
3. Students registered in absentia.
4. Students registered in approved off-campus courses and study abroad courses.
5. Holders of grants or contracts from outside sponsors which provide payments to cover the total cost of instruction, if this fee is charged to the contract or grant funds.
6. Cooperating teachers and administrators. (See Waiver of Tuition above.)
7. University academic employees registered at the request of their departments in zero-credit courses especially established to improve the work of the employee.
8. Academic staff members emeriti.
9. Nonacademic employees of the University exempted from tuition as specified in the last two categories under Waiver of Tuition section above.

McKINLEY HEALTH SERVICE AND STUDENT INSURANCE FEE

Students totally exempt from payment of the Student Insurance Fee and the McKinley health service fee, and therefore not eligible for these benefits and services are:

1. Persons registered for doctoral thesis research in absentia.
2. Persons registered in off-campus courses and study abroad courses for zero credit.
3. University employees registered at the request of their department in zero-credit courses especially established to improve the work of the employee.
4. Staff members who are registered as students and who are eligible for the mandatory State of Illinois Employees Insurance Program.

Students registered on the Urbana-Champaign campus for courses which are taught entirely off campus during a given term are required to pay the insurance fee but not the McKinley health service fee.

McKINLEY HEALTH SERVICE FEE

All students enrolled on campus must pay the McKinley health service fee unless they have a fellowship or grant that specifically pays for this fee.

STUDENT HEALTH INSURANCE

All students are assessed an insurance fee to cover the cost of the University Student Comprehensive Health Insurance Program. This fee may be waived if the student presents evidence of equivalent insurance coverage along with a petition for exemption from the insurance fee.

Evidence of equivalent insurance may be established by the student's insurance policy or an identification card with a brochure to outline the benefits of the program. Military personnel and their dependents need only show their military identification cards. Letters from employers, insurance companies, or agents will be accepted provided they are on company letterhead stationery and are signed by a company official giving the name of the insurance company and defining the scope of the insurance coverage of the student.

To qualify for the exemption, a student must present satisfactory evidence of insurance and an exemption petition at:

- Station 7 at the Armory during on-campus registration.
- The Insurance Station at the Post-Registration Service Center in the Illini Union Building.
- The Student Insurance Office, Window 21, room 100, Administration Building.

Requests for exemption MUST be made within the first ten days of instruction during a semester.

Once waived, the exemption will be continuous and it is the student's responsibility to request reinstatement in the Student Health Insurance Program.

SUMMER SESSION TUITION AND SERVICE FEE WAIVERS

Students holding summer session appointments as fellows or as employees must pay the tuition and fees required by their appointments.

Students holding appointments to the close of the spring semester of an academic year either as employees or fellows, and for whom tuition and/or the service fees have been provided through waiver or through cash payment by an outside agency, are entitled to a waiver of the same kind of tuition and fees for the summer session or summer term immediately following, provided they hold no appointments during that summer session.

NONCOMBINED FINAL EXAMINATION SCHEDULE

Spring Semester 1981

Saturday, May 9 through Saturday, May 16, 1981.

Note: This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine or to combined-sections examinations. These schedules will be announced later.

REQUIREMENT

Final examinations will be given during the scheduled final examination period for each course, except in a course which has a character that renders a final examination unnecessary or impracticable. The head or chairperson

of the academic department in which the course is offered determines when a final examination is not required.

TIME OF EXAMINATIONS

Instructors must give final examinations at the time specified in the enclosed schedule unless a change is approved *in advance* by the vice-chancellor for academic affairs. Requests for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. Instructors who are scheduled to give the final examination to approximately forty or more students on the last day of the final examination period may have special problems in meeting the deadline for the submission of grades and may wish to request a change. Requests for early examinations should be made only in cases of legitimate need and not just for the convenience of students and instructors.

Requests for changes in the examination schedule will not be considered for approval unless the instructor (a) has polled the class to determine that an alternative date is desired by a majority of the class members, (b) also offers the examination at the regularly scheduled time if there are those who do not choose to take it at the alternate time, and (c) has contacted the Office of Space Utilization and has an assurance that space is available in which to give the examination at an alternate time if approved. The Office of Space Utilization will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Only the dean of the student's college may approve temporary postponement of the final examination in individual cases of undergraduate students.

Graduate Students: The student's instructor is authorized to approve requests for postponement of the final examination in individual cases of graduate students.

TAKE-HOME EXAMINATIONS

If take-home final examinations are assigned, they are to be submitted at the time and date of the regularly scheduled final examination. If instructors wish to depart from this practice, they must follow the procedure for changing the final examination schedule as outlined in the preceding item.

LENGTH OF EXAMINATIONS

Attention is called to the action of the University Senate providing that the maximum limit for undergraduate examinations shall be three hours, except by special arrangement in individual cases approved by the dean of the college concerned. At the discretion of the department, a shorter examination may be given.

PLACE OF EXAMINATIONS

Examinations will be held in the room where the course meets for the first contact hour of the week except for combined examinations, examinations for courses in which the instructor has requested additional space for the examination, or specially scheduled examinations. Instructors will announce any special room assignments.

CONFLICTS

Noncombined examinations always have precedence over combined examinations, and departments giving combined-section examinations must provide "conflict examinations" if required. Two examinations in sequence are not considered "conflicts."

In cases of students having two evening examinations scheduled at the same time, the examination for classes meeting at 7 a.m., 12 noon, 4 p.m., 5 p.m., 6 p.m., 7 p.m. and 8 p.m. shall have priority in that order. Instructors must provide examinations for students with conflicts.

STUDENTS HAVING MORE THAN TWO EXAMINATIONS IN ANY TWENTY-FOUR HOUR PERIOD

No student should be required to take more than two examinations which begin in any twenty-four hour period. Any student having more than two examinations scheduled in any twenty-four hour period is entitled to rescheduling as follows: The student must investigate whether a conflict examination is being held at another time for any of the

examinations involved. If a conflict examination has been scheduled for any of the courses, the student must take one or more of these conflict examinations. If no conflict examinations have been scheduled, the student should contact the instructor of the course having the largest number of students. That instructor must provide the make-up examination.

DISCIPLINE FOR ACADEMIC IRREGULARITIES

Cases of academic irregularity (cheating) shall be handled by the respective schools and colleges, except that cases recommended for suspension or dismissal from the University shall be referred to the Subcommittee on Undergraduate Student Conduct. For details of procedure, consult the *Code on Campus Affairs and Regulations Applying to All Students*.

SUPERVISION OF EXAMINATIONS

Instructors must supervise all examinations and are responsible for seeing that there is no communication of any sort during the examination except with the instructor.

NONCOMBINED FINAL EXAMINATION SCHEDULE

EXAMINATION DATE	EXAMINATION TIME IS		
	8-11 a.m. for courses with first contact listed below	1:30-4:30 p.m. for courses with first contact listed below	7-10 p.m. for courses with first contact listed below
Saturday May 9	11 or 11:30 a.m. Monday	3 or 3:30 p.m. Tuesday	NO EXAMS
Monday May 11	8 or 8:30 a.m. Tuesday	2 or 2:30 p.m. Tuesday	4 p.m. or later Tuesday
Tuesday May 12	10 or 10:30 a.m. Tuesday	11 or 11:30 a.m. Tuesday	
Wednesday May 13	9 or 9:30 a.m. Monday	3 or 3:30 p.m. Monday	12 or 12:30 p.m. Monday
Thursday May 14	9 or 9:30 a.m. Tuesday	2 or 2:30 p.m. Monday	12 or 12:30 p.m. Tuesday
Friday May 15	10 or 10:30 a.m. Monday	1 or 1:30 p.m. Tuesday	4 p.m. or later Monday
Saturday May 16	8 or 8:30 a.m. Monday	1 or 1:30 p.m. Monday	NO EXAMS

* This examination period will be used exclusively for combined examinations.

THE FINAL EXAMINATION FOR A COURSE IS SCHEDULED ACCORDING TO THE FULL OR HALF HOUR ON MONDAY OR TUESDAY ON WHICH THE CLASS FIRST MEETS DURING THE SEMESTER. For example, if a course meets at 11 a.m. on MWF, the examination must be given from 8 to 11 a.m. on Saturday, May 9. The final examination for a course meeting regularly on Tuesday from 3:30 to 5:30 p.m. must be given from 1:30 to 4:30 p.m. on Saturday, May 9.

In courses having a combination of lecture and discussion and/or laboratory periods, the first lecture hour of the week is considered the first contact of the week.

For courses not provided for in the examination schedule (those meeting for the first time on Wednesday or later), examinations are to be given within the established examination schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the department office to schedule the room for the examination.

For 300- and 400-numbered education courses meeting only once a week, the final examination will be scheduled at the same time, in the same room, and on the same weekday scheduled for the regular meeting of the course throughout the semester. The instructor for the course must call the College of Education before March 4, 1981, to confirm the room for the examination.

LISTING OF COURSES

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be supplied to advisers for checking program cards during registration.

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed for freshmen and sophomores) are numbered 100 to 199; for advanced undergraduates (designed for juniors and seniors), 200 to 299; for advanced undergraduates and graduates (junior, senior, or graduate standing required), 300 to 399; for graduates, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Classification of Students

Classification of undergraduate students for registration purposes is based on the following scale, including physical education and military credit: freshman standing, 0 to 29 hours; sophomore standing, 30 to 59 hours; junior standing, 60 to 89 hours; senior standing, 90 or more hours.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, "8-10 MWF" indicates that the class period begins at 8:00 a.m. and continues for two hours on Monday, Wednesday, and Friday; while "11 TTS" means that the class period begins at 11:00 a.m. and continues for fifty minutes on Tuesday, Thursday, and Saturday. Any class beginning after 6:00 p.m. is indicated by the letters PM. For example, "730-930PM" indicates that the class period begins at 7:30 p.m. and continues to 9:30 p.m. The place of meeting of each class is shown by the number of the room and the name of the building.

Credit

Credit for undergraduate students is counted in semester hours. An hour is one class period a week for one semester or the equivalent in laboratory or field work or approved independent study. The number of hours for which each course counts is shown under each course.

Credit for graduate students is counted in units. A unit course requires ten hours of time each week through the semester, irrespective of the distribution of that time in classwork, laboratory or field work, and private study. Four such courses or their equivalent constitute a student's normal program for one semester. The unit values of graduate courses are indicated under each of these courses. No course may be taken for graduate credit unless it is so designated in this *Timetable* of courses offered. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or $\frac{1}{2}$ to 2 units, and in registering for a course with variable credit each student puts on his or her Program Request the number of hours or units for which he or she intends to take the course.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Approval of the Graduate College must be obtained for the registration of undergraduate students in 400-level courses for either semester hour or unit credit, or in 300-level courses for unit credit.

Bose believes the number nonsense stops here.

The exotic measurements and technological jargon of the high fidelity industry have become dangerously complicated. A situation which is confusing to us all. New terminology appears in print almost every month, and it's getting difficult to tell honest advertising from hype.

For most of the basic jobs of sound reproduction—turning a record, amplifying a signal, etc.—available technology overran the major problems about ten years ago. So the message to the consumer is: not to worry. A lot of good companies out there make marvelous equipment. So

marvelous that differences among most good record players, receivers and amplifiers can hardly be heard. Yet everybody keeps trying to emphasize these inaudible differences between their own and other products. In fact, differences close to the vanishing point are often magnified into the principal reason for buying. Result: "number nonsense" technical and performance differences which don't matter any more because so many audio components are so good.

As a prospective customer, you should fall back on common sense,

which tells you that if a difference is inaudible, it should not influence your choice of equipment.

At Bose we make performance improvements you can hear. And we are proud to advertise them, because we believe that every Bose product has every price level the same audible benefits that you can hear with your own ears.

Audible to all

Bose® answers

What are the audible differences between stereo systems?

Most traditional specifications of hi-fi performance are now old hat. Today, this industry is good at solving problems implied by specs like frequency response, harmonic and intermodulation distortion, wow and flutter, rumble, FM sensitivity, signal-to-noise ratio, etc. Current audio equipment spins a record consistently and silently, receives FM signals accurately, and amplifies signals to high power levels without audible distortion.

In these areas, disappearance of audible differences from one piece of equipment to another¹ can be verified by listening, or by more rigorous experimentation. Take harmonic distortion: if you play music through a loudspeaker, the lowest audible distortion ranges between 2% and 6%. Most electronic high fidelity equipment measures .01% distortion, or less—far below audibility.² The same goes for most other common performance specs.

So let's talk about what you can hear. Audible improvements can be made at the head and tail of the audio chain: in phonograph cartridges³ and loudspeakers. Both are transducers that change one form of energy into another.

Translating record-groove vibrations into electricity is difficult and different phono cartridges produce distinctly different sounds. Translating an amplified electrical signal back into air vibrations is even harder, because the machinery works on a larger scale, with more variables. And

speakers must work well with a variety of listening room characteristics. Cartridge; speaker system; listening room—that's where most audible differences are.

How does the listening room affect my speakers?

The room and the speakers should be viewed as one. Next to improvements in program sources, they form the major frontier in high fidelity audio today. Like other major manufacturers, we test our speakers in an anechoic chamber (a special test room with no sound reflection). But a room with no echoes is not at all like your listening room. We have spent 24 years studying how sound behaves inside real rooms. This includes computer-analyzed acoustical measurements in dozens of actual listening rooms. We started out not with speaker manufacture, but with psychoacoustics—how humans perceive music.

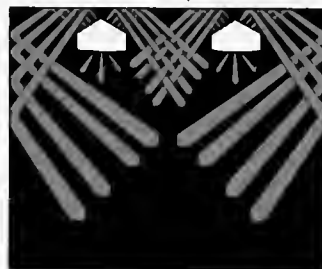

Four walls are like four mirrors to a sound wave. Your ears gather live music as sound energy coming both directly from the instruments and reflected off walls, the floor, the ceiling and other surfaces. At a live performance indoors you hear mostly reflected sound.

That's why a brass band on a football field does not sound like a brass band in a recording studio. A live performance indoors involves the "ambience" of the room where the live music is played—characterized largely by its reflected sound energy.

Like a musical instrument, a speaker is a sound source. As you sit directly in front of a conventional speaker, compare the path of sound energy to a flashlight beam. The higher frequencies of sound are broadcast

in a tight cone of energy, directly at the listener. You do not hear the natural spaciousness of live sound because there is too much *direct* energy. In addition, the conventional speaker system restricts the best stereo sound to a small area in front of, and between, the two speakers.

Direct/Reflecting® speakers divide sound into two portions. Some comes to you directly from the front of the speaker. And some is first aimed at the walls to reflect and widen the music image to the scale of a live performance. Like all Bose products, our speakers work together with the listening room. They bring the musicians outside of the speaker boxes. We call this audible difference "spatial realism."

Just how good is Bose's best speaker?

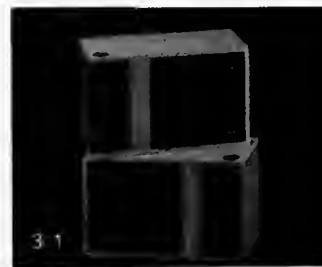

The 901® speaker embodies all the technology developed in more than 24 years of research into recreating the sound of live musical performances in the home.

The design is so advanced, that 901 speakers should each cost several thousands of dollars! Our investment in tooling and advanced manufacturing processes makes the price affordable. In fact, we feel a 901 speaker is the best value on the market today; and we welcome direct comparison to any other speaker, regardless of size or price.

Many loudspeaker designers produce an "ultimate" speaker system. Later, they build a line of speakers for less-than-ultimate budgets. The usual approach: make smaller versions of the original design.

We want to include as much 901 speaker performance quality as possible in every speaker we make. But the best design at one price is not necessarily the best at another price. So each less expensive speaker is designed to give you maximum "spatial realism" at its size and price.

At present, we make three other Direct/Reflecting® speakers besides the 901 model. Each lower model number in the series—601™, 501™, 301™—costs proportionately less. Our least expensive speaker, the Model 301, sells for as little as we can manage, and still retain "spatial realism." "Spatial realism" is a real difference you can hear without straining your ears or budget.

¹ This is an exception. If the price is right, you can then check performance figures carefully.

² Designing valid listening experiments to determine distortion wide frequency response of Bose speakers and the recording process are reported from the hi-fi magazine.

³ The speaker's response to the frequency and amplitude of the music is important. When the speaker is designed to reproduce the music accurately, the sound is more realistic.

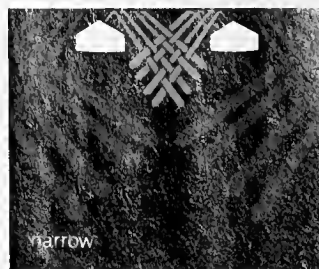

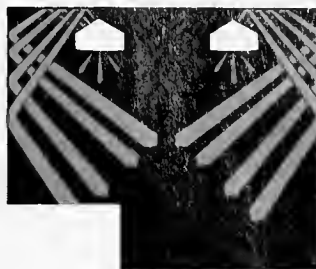

the audible questions

Does any receiver make an audible difference?

What are the audible differences between stereo systems?

Most traditional specifications of hi-fi performance are now old hat. Today, this industry is good at solving problems implied by specs like frequency response, harmonic and intermodulation distortion, wow and flutter, rumble, FM sensitivity, signal-to-noise ratio, etc. Current audio equipment spins a record consistently and silently, receives FM signals accurately, and amplifies signals to high power levels without audible distortion.

In these areas, disappearance of audible differences from one piece of equipment to another¹ can be verified by listening, or by more rigorous experimentation. Take harmonic distortion: if you play music through a loudspeaker, the lowest audible distortion ranges between 2% and 6%. Most electronic high fidelity equipment measures .01% distortion, or less—far below audibility.² The same goes for most other common performance specs.

So let's talk about what you can hear. Audible improvements can be made at the head and tail of the audio chain: in phonograph cartridges³ and loudspeakers. Both are transducers that change one form of energy into another.

Translating record-groove vibrations into electricity is difficult and different phono cartridges produce distinctly different sounds. Translating an amplified electrical signal back into air vibrations is even harder, because the machinery works on a larger scale, with more variables. And

¹ There is one exception: the price of the equipment. Very few can check performance figures carefully.

² Designing valid listening experiments is hard. For detailed information, write for a copy of Dr. Bose's paper, "Sound Reinforcement," reprinted from Technology Review.

³ We don't make phono cartridges, but we've helped others design better ones. When you choose a cartridge, be sure to choose one that's made by a company that's known for making quality audio equipment.

Bose® answers to

speakers must work well with a variety of listening room characteristics. Cartridge; speaker system; listening room—that's where most audible differences are.

How does the listening room affect my speakers?

The room and the speaker should be viewed as one. To improve sound, you need to improve the room. Like other major manufacturers, we test our speakers in a choice chamber (a speaker room with no sound). But a room with no sound is not at all like your listening room. We've spent 24 years studying how sound behaves in rooms. This includes analyzing acoustical treatments in dozens of listening rooms. We start with speaker manufacturers with psychoacoustic data on how humans perceive music.

Four walls are like four sound waves. Your ears hear music as sound energy both directly from the speaker and reflected off the walls, the ceiling and other surfaces. At a live performance, you hear mostly reflected sound. That's why a brass band in a football field does not sound like a brass band in a recording studio. A live performance involves the "character" of the room where the music is played—character defined by its reflected sound.

Like a musical instrument, a speaker is a sound source. As you sit directly in front of a conventional speaker, compare the path of sound energy to a flashlight beam. The higher frequencies of sound are broadcast

in a tight cone of energy, directly at the listener. You do not hear the natural spaciousness of live sound because there is too much *direct* energy. In addition, the conventional speaker system restricts the best stereo sound to a small area in front of, and between, the two speakers.

Many loudspeaker designers produce an "ultimate" speaker system. Later, they build a line of speakers for less-than-ultimate budgets. The usual approach: make smaller versions of the original design.

the audible questions

Does any receiver make an audible difference?

Yes. Bose now has receivers that make an audible difference, by doing things with sound that have not been done before.

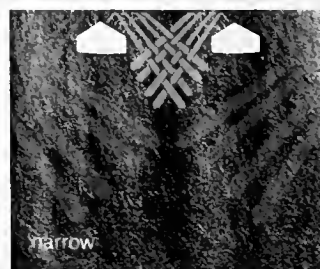

Bose speakers give you the sensation of space by radiating a high proportion of reflected sound. But the spatial image of a swing band or symphony orchestra is not ideal for a small group or soloist. Enter the new Spatial Control™ Receiver.

A 901® Speaker has three connecting terminals in place of the usual two. The extra terminal lets the Spatial Control™ Receiver independently control sound going to the inside facing rear panel and to the outside facing rear panel of a 901 speaker. So the Bose Spatial Control™ Receiver can reach into the speaker and control the dimensions of sound; and you can *narrow* or *widen* the musical image to match the apparent scale of the original musical group.

By designing this only for the 901 speaker⁴, we've given you the ability to do an audible reconstruction of the musical stage . . . at the push of a slider control!

Bose receivers have unique "Room and Source Compensation Controls." These controls make a useful and audible differ-

ence. Unlike conventional tone controls, the sliders solve listening room acoustical problems as well as tone balance problems in recordings.

Yes, I've been confused in an audio store. How can I regain my self-confidence?

Go back. Trust your ears to tell you what's audible and impor-

tant. And use the Audible Audition Tips below, to reinforce your common sense.

4 The Spatial Control™ Receiver is excellent for any speaker, but its unique performance features only come into play when it is matched with Bose 901 Series III or Series IV speakers

Bose® Audible Audition Tips, for your next encounter with loudspeakers in the audio store:

1 A good audition room will have just a few speaker systems, so each gets a good "home-like" position. If a listening room is crammed with speakers, none will be displayed properly.

2 Speaker *placement* is very important. Speakers close to the floor will have more bass. Speakers in a straight line to your ears will deliver more treble. Ask if speakers have been placed as the manufacturers recommend.

3 A speaker played louder *seems* to have clearer sound. Compare systems at *equal volume levels*.

4 Comparisons should be instantaneous. Our ears do not have good memory for finer audible points.

5 Take along pristine copies of favorite records for your listening tests. A recording you know by heart is best.

6 Listen to a variety of materials from vocals to violins. You know the sound of the human voice best,

so it makes a good test for "naturalistic" sound. Make sure the system also handles the toughest challenge: a large orchestra.

7 Good bass feels solid and should not throb or boom.

8 Be sure you can hear both speakers from wherever you stand. You don't want your listening confined to the center of your living room.

9 Beware of systems whose treble starts to disappear when you walk around the

room. A good system gives you essentially the same sound no matter where you move.

10 The best sound is not confined to the speaker box, but exists in a kind of "aural suspension" across the front of the room.

11 And finally, take your time. Don't let the salesman rush you; you will be living with your new stereo system for a long time.

The Nikon Difference. It's uncompromising precision and technology that places every Nikon ahead of its class.

If you've never held a Nikon in your hands, you've yet to know the sense of utmost precision... of supreme responsiveness that tells you unmistakably this camera indeed is different.

You can enjoy this satisfying experience with any of today's Nikon cameras, even the least expensive. All express the same fundamental concept: that every Nikon must be designed and engineered to be the best in its class. And so, in every Nikon, you will find a rugged, lightweight metal body and metal shutter. A center-weighted meter system of proven accuracy, using exclusive Nikon electronics. A finder born of Nikon space camera technology resulting in superior brightness and fast, positive focusing accuracy. Gold-plated motor drive contacts, to assure corrosion-free reliability. In short, uncompromising excellence in every detail.

To these, each Nikon adds its own, special qualities. For

Nikon photography at its easiest, choose the low-cost, ultra-compact Nikon EM, with full exposure automation.

For automation plus wide-ranging creative controls, the Nikon FE auto compact offers highest quality at a moderate price. If you prefer to select your own exposures, aided by accurate one-step metering, the rugged, versatile and easily affordable Nikon FM compact is for you. And, for the perfectionist, nothing can compare to the new Nikon F3 — the professional standard for the 1980's.

Behind them all stands the Nikon system, the most comprehensive ever created for 35mm SLR photography. Nearly 70 world famous lenses, plus accessories for any and all applications, all quality-matched to your own Nikon, are ready to help you meet the challenges of today and tomorrow. EARN UP TO \$800 A MONTH RIGHT THROUGH YOUR SENIOR YEAR.

If you're a junior or senior majoring in sciences like math, physics or engineering, the Navy has a program you should know about.

It's called the Nuclear Propulsion Officer Candidate-Collegiate Program (NUPOC-C for short) and if you qualify, you can earn as much as \$800 a month right through your senior year. Then after 16 weeks of Officer Candidate School, you'll get an additional year of advanced technical education. This would cost thousands in a civilian school, but in the Navy, we pay you.

It isn't easy. There are fewer than 400 openings and only one of every six applicants will be selected. But if you make it, you'll have unequalled hands-on

responsibility, a salary of more than \$25,000 in four years, and gilt-edged qualifications for jobs both in the Navy and out.

Ask your placement officer to set up an interview with a Navy representative when he visits the campus, or contact your Navy representative at 800-841-8000, or send in the coupon. The NUPOC-C Program. Not only can it help you complete college. It can be the start of an exciting career.

How to:

Did you ever want to know how to manage your money to make every penny count?

You can learn how to do it.

We're the Consumer Information Center of the government. And our free catalog lists over 200 booklets, brochures, and publications that tell you how to do a lot of different things.

You'll find brochures about growing vegetables in tiny gardens. About food and nutrition. Home repairs, health and recreation. Even about buying a used car.

Free catalog.

How to get the catalog that lists them all?

Just write Consumer Information Center,

Earth, Wind & Fire sings: Get Platinum Power.

Platinum Power. It's what the superstar rock group Earth, Wind & Fire has in their platinum albums. And it's what Panasonic puts into a new line of stereo cassette recorders.

Platinum Power. Enough power to bring the beat to the streets. To take the music from the stepping highs and the low-down lows into your favorite music with the bass, treble and goodie controls like two-way speakers with separate woofers and tweeters, and treble and treble controls, LED meters, Tape Program Sensor and Dolby. Our powerful RX-6400 has electronic echo, record/play mixing and guitar amp.

The Panasonic Platinum Series. The sound. The look. The features. They're all pure platinum. Just ask Earth, Wind & Fire. "Dolby is a really nice thing."

just slightly different from the rest.

\$39.95.*

You can't buy this much tape recorder for less. Much less a Panasonic.

The only thing that could possibly sound better than this Panasonic SlimLine™ tape recorder (RQ-2735) is its price. An amazingly slim \$39.95! For a tape recorder so slim and yet so fat with features you'd expect it to cost twice as much.

Next to its price, its best feature is its size... a go-anywhere, fit-anywhere 1 7/8" slim. And now the AC is built right into the unit, so there's no bulky external adapter, like you find on so many tape recorders. Also built in is a whole collection of features to make recording a cinch. There's a one-

touch record button. A built-in condenser mike to give you a free hand. Lockable pause control, so you can stop and think without shutting off the recorder. And even an edit function that lets you correct recording mistakes easily.

For problem-free playback, there are cue and review controls to help you find what you've recorded. And Auto-Stop automatically shuts off the unit at the end of the tape.

So many features. In such a slim package. \$39.95 has never sounded better!

*Recommended price, actual price will be set by dealers. Batteries not included.

Only JVC combines Super-A purity and graphic equalization in a receiver.

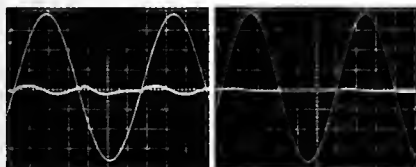

JVC R-S33 STEREO RECEIVER Super-A

Super-A **R-S33** FM/AM Stereo Receiver

Naturally, you want a receiver that gives you the most for your money. And only JVC gives you both Super-A amplification and graphic equalization.

You'll hear Super-A as pure, natural sound. Violins, cymbals, voices and other complex, delicate sounds are smooth and airy. That's because Super-A does away with most of the measurable switching and crossover distortion, a source of harshness in some conventional Class-AB receivers.

Class-AB Jagged
center line indicates
switching distortion.

JVC Super-A Minimal
distortion in output
waveform.

At the same time, you'll get plenty of power. The R-S33 shown here gives you *40 watts per channel minimum RMS into 8 ohms, from 20-20,000 Hz, with no more than 0.007% total harmonic distortion*. A regular Class-A amplifier with this kind of power would be heavy and expensive. But because it doesn't require high idling currents, the R-S33 costs and weighs about the same as a conventional receiver.

Even the most sophisticated amplifier can't correct cartridge peaks, speaker roll-off or room acoustics. Neither can it accommodate your changing tastes in sound as you take off Beethoven and put on disco. That's where JVC's 5-band SEA graphic equalizer comes in. With independent controls at 40 Hz, 250 Hz, 1 kHz, 5 kHz

and 15 kHz, it lets you extend the deep bass without creating boominess. Mellow out a voice without cutting the highs. Add brightness to the extreme highs and more.

With all this, the R-S33 has plenty of other features to recommend it: direct-coupling, a sensitive tuner section with linear-phase IF filters, two tape monitors with equalizer and dubbing facilities, LED power meters, and JVC's triple power protection system.

So if you're interested in getting more without paying more, call 800-221-7502 toll free for the location of your nearest JVC dealer (in N.Y. State 212-476-8300). Once you've heard the R-S33, you'll have no doubts about which receiver gives you the most for your money.

And if we go on to graduate school, Casio has plenty of easy ways to get us through credit card size scientific calculators, programmable calculators with 400 and more functions, and units that do every imaginable function, all in that low Casio price.

Now all we need is a Casio for our French class.

SATISFIED.

Nearly four years ago, John Newcombe became an accomplished photographer with the revolutionary Canon AE-1. The camera that took advanced electronics technology, unsurpassed optics and superior quality and made fine photography simpler than ever before. Now, John Newcombe has added a Power Winder, several lenses and accessories. To make himself an outfit that he carries everywhere. The AE-1 has made photography his favorite occupation. Next to tennis.

John Newcombe isn't alone. In the time since its introduction, more than one million Canon AE-1's have been bought in the United States alone and it's still going strong. Making it far and away the most successful camera of its type in history.

A million satisfied customers must know something!

What they know is this. The Canon AE-1 was, and still is, unmatched for its combination of cost and performance. It has shutter-priority automation that's as simple as focus and click. Shutter-priority automation is a long way of saying that you can get sharper

pictures, because you select a shutter speed fast enough to prevent blur and the camera adjusts the lens for the light. You get great pictures automatically, but remain in control. You can shoot with full confidence that every shot will be as sharp and bright as the next.

And, satisfied Canon AE-1 owners know

some other smart things too. They know that special Canon "A" Series Speedlites make the AE-1 the most automatic flash available. They set the AE-1's shutter speed and aperture as soon as they're ready to fire.

Satisfied Canon AE-1 owners also know that with the Power Winder A, they'll never miss a shot of the action because they can take fast single frames or sequences as fast as two frames per second.

Want to satisfy your curiosity? Ask your local Canon dealer why the AE-1 is his best-selling automatic reflex camera. When you buy your AE-1, you'll be opening a door into creative photography (and fun) that you may have never realized was there.

And that's real satisfaction!

THIS FORMER ALL-STATE HALFBACK WILL DIE 20 YEARS BEFORE HIS TIME

Back in college he was always in great shape. But, like too many other Americans, the end of his college career signaled the end of his regular physical activity.

Years of business pressure, poor diet and a sedentary lifestyle have conspired to steal away his good health and cut years from his life expectancy. Now he's a prime candidate for heart disease—the number one cause of death and disability in the U.S.

Don't let the same thing happen to you. If you left your active lifestyle back in school, get moving again. Start a moderate program of regular lifetime sports like golf, tennis, biking, jogging, bowling or

swimming. Start your new program with a check-up by your physician. It can help you feel better, look better and live better.

Just a little activity and recreation can make a big difference in your whole outlook on life. And the sooner you get moving, the longer you'll be able to move.

KEEP MOVING, AMERICA!

TURN A WEEKEND A MONTH AND TWO SUMMERS INTO \$6,000 FOR COLLEGE.

Unlike many part-time jobs, ours fits into your schedule conveniently and is less likely to hurt your grades.

Because you only spend 16 hours a month with us during the school year, and it's usually on a weekend. The rest of your training is during the summer.

VALUABLE TRAINING.

Instead of the usual boring, dead-end part-time job, we give you a chance to do something challenging.

At the same time, you'll learn a valuable job skill. Like Surveying. Auto Mechanics. Or one of many other career specialties, depending on your qualifications and your

local unit's needs.

\$2,000 JUST FOR ENLISTING.

The first \$2,000 of the \$6,000 we mentioned is the college aid that many units still offer high school graduates as an enlistment incentive. It's paid in yearly installments of \$500 so you'll stay in college. (Not all units offer the college aid, so check with your recruiter.)

You can make another

\$2,200 from the monthly training sessions.

The remaining \$2,000-plus comes from summer training which pays you over \$448 a month. This includes seven weeks of Initial Entry Training one summer, two-

to-four months of job skill training the following summer, and yearly two-week training sessions.

The summer training usually gives you a chance to get out of town for a while.

PLUS THE BENEFIT OF STAYING HOME.

This is the Army Reserve you're joining. So, except for summer training, you'll be serving at your local Reserve Center.

For more information, call your local Army Recruiter listed in the Yellow Pages under "Recruiting." Or, to locate the Recruiter nearest you, call 800-421-4422 toll free. In Cal., 800-252-0011. In Alaska, Hawaii or Puerto Rico, 800-423-2769.

SANSUI SUPER COMPO

Super stereo made simple.

If you want sensational music and a great looking system with a minimum of fuss, the **Sansui Select System 70** is perfect for you. Because all the components have been perfectly pre-matched by our expert engineers.

The center of the system is our new DC-Servo **R-70 receiver**. It's so versatile you can listen to one music source while you're taping something else. And it's easy to use; LED displays help find your station and monitor both signal strength and output power. FM reception of even the weakest stations is superb.

You'll love the automatic direct drive **FR-D3 turntable** for its faithful tracking ability and convenient outside-the-cover controls. The Dolbyized **D-90 cassette deck**, with switchable bias and EQ to match standard and high performance tapes, can be connected to a timer to make recordings while you're away. The great Sansui 3-way acoustic suspension **SPA-3700 speaker systems** have awesome power and clarity over the entire

frequency spectrum.

All the components, except the speakers, are mounted in a handsome cabinet with smoked glass doors and plenty of room for your records.

When your friends hear the great sound of your Sansui Select System, they'll wonder how you did it. Tell them it was easy — with a little help from another friend. Sansui.

Small organization has openings for young executives. Good pay, good future, job satisfaction.

We're the United States Coast Guard. Although we're small—about 38,000 strong—our work is some of the most important in the country.

As you probably know, we're in the business of saving lives and property.

But we're also charged with protecting our coastlines, our Great Lakes, our waterways. Regulating the new 200-mile fishery conservation zone. Intercepting narcotics trafficking. Monitoring the vessels that traverse all of our major ports.

All big jobs. Requiring top people.

That's why we need good, qualified, ambitious men and women.

Put your Bachelor's Degree to work.

We're especially interested if you have a technical degree—in engineering, science, mathematics, or computers. We've got plenty of work that takes your special talents and skills.

Once you finish officer's candidate school—18 weeks in Yorktown, Virginia—we'll give you a job with responsibility. You'll work with advanced equipment and

technology. It'll be good work with other talented and able men and women.

The benefits. And the rewards.

A good starting salary that can increase by over 40% in your first three years with normal promotion and seniority raises.

Free medical and dental care. A living quarters allowance.

Tuition assistance for off-duty education.

Thirty days of paid vacation a year.

A generous retirement plan for those who make the Coast Guard a career.

All this, plus the reward of working with a group that saves lives, property and protects the environment.

How to apply.

See your college placement office, or call our toll-free number for more information.

800-424-8883, except Alaska, Hawaii and Washington, D.C.

The Coast Guard needs officers. What other company will make you an officer and give you a job fitting your title after only 18 weeks?
